

Supervision & Support of Collaborative Teacher Teams

Presented by Dr. Angela Peery

Brief Description: One of the most important functions of the principal is to foster collaboration that improves achievement. School leaders must inspire, guide, monitor, and celebrate their teacher teams. This session will focus on how to supervise teacher teams through transparency, responsiveness, and differentiation. Practical tools from highly successful principals will be shared. These include scheduling tips, formative assessment templates, protocols for meetings, note-taking/reporting forms, and classroom walk-through documents.
