

High Impact Leadership: What Matters Most for Improving Student Results

Presented by Dr. Douglas Reeves

Brief Description: This interactive presentation includes compelling international evidence on the following topics:

- The Focus Imperative
- Why “best practices” are not always your friend
- Accountability as a Learning System
- The Latest Evidence on Professional Learning Communities
- How Leaders Build Efficacy

The presentation is based on the best-selling book, *From Leading to Succeeding: The Seven Principles of Effective Leadership in Education*.

“Douglas Reeves delivers a straightforward, clear, insightful analysis that captures the essence of school leadership in the United States, but this is a valuable guide for school leaders in any country. I cant wait to share it with the leaders I work with in Africa, India, and South America.”
