OnRamp Insurance Accelerator Announces 2021 Cohort

MINNEAPOLIS - ST. PAUL, MINNESOTA - May 4, 2021 – Nationally-ranked startup accelerator gener8tor, in partnership with Allianz Life and Securian Financial, is excited to announce the five participants of the 2021 OnRamp Insurance Accelerator.

“We are incredibly impressed with this group of resilient and innovative entrepreneurs working on solutions ranging from helping older adults age in place to empowering individuals with the freedom to diversify their retirement savings into crypto or real estate investments,” said Elizabeth Caven, Managing Director of the OnRamp Insurance Accelerator. “The cohort also includes some deep technical solutions for the insurance and financial services industries. The Securian Financial, Allianz Life and gener8tor teams are all thrilled to welcome each of these companies to the 2021 program.” The selection process this year was extremely competitive with only five startups chosen out of about 500 applicants.

Each startup receives a $100,000 investment and will work with the gener8tor, Securian Financial and Allianz Life teams during the three-month accelerator. Founders also receive individualized coaching and mentorship from industry leading insurance and financial services professionals. The program culminates in a month-long series of investor meetings and a Premiere Night celebration event in July.

The OnRamp Insurance Accelerator builds on the success of the annual OnRamp Insurance Conference, which relocated to Minneapolis-St. Paul in 2019 and moved to a virtual format due to COVID-19 last year. Started by gener8tor in 2015, the OnRamp Insurance Conference brings together the insurance industry’s leading corporations, investors and startups.

The five startups listed below were selected to participate in and receive investment from the OnRamp Insurance Accelerator.
Riskfuel

Ryan Ferguson: CEO | rf@riskfuel.com | www.riskfuel.com

Riskfuel harnesses AI to produce ultra-fast versions of the proprietary software that banks and insurance companies use to value and risk manage their portfolios of financial instruments, delivering both new business opportunities and significant reductions in operating costs. In a collaboration with Microsoft and Scotiabank, Riskfuel's award winning technology accelerated production workloads by more than 20 million times. Riskfuel is just over two years old and is already generating annual revenues over $1MM.

Rocket Dollar

Henry Yoshida: CEO | henry@rocketdollar.com | www.rocketdollar.com

Rocket Dollar lets people unlock their IRA and 401(k)s, keep the tax benefits, and make private and alternative investments. Thousands of people have already unlocked over $300MM using Rocket Dollar to invest in real estate, startups, crypto, private equity/venture, and more with no TAXES.

SilverBills

Marci Lobel-Esrig: CEO | marci@silverbills.com | www.silverbills.com

SilverBills provides concierge bill management for older adults throughout the United States. Keeping current with bills can be challenging and mistakes can lead to dire consequences such as termination of benefits, like insurance, and financial exploitation. SilverBills receives, scrutinizes, stores and ensures payment of household bills. Every client is paired with a dedicated Account Manager, and no computer use is necessary to benefit from our services. SilverBills' partners include the New York City Department for the Aging and Care.com and the company closed its seed funding in March 2021.
Truelytics’ Advisor Transition Management solution is the leading SaaS platform for wealth management professionals to discover innovative wealth management firms, connect with the people behind them, and pursue new opportunities.
