Workshops

Healing of the Heart by Pamela Wantz, Board Chairman HSRM - Our heart is one part of our soul. God's desire is this, "Beloved, I pray that you may prosper in all things and be in health, just as your soul prospers." 3 John. Explore the tools God makes available to us through His Word to receive healing in our hearts and to help others as well.

Hearing God's Voice by Pamela Wantz, Board Chairmsn HSRM - Learn how to hear the voice of God; discern what He is saying to us; and distinguish God's voice from other voices that address us. Resources will be given to help you go deeper into this area.

The Naturally Supernatural Christian Life by Norelle Lutke - The normal Christian life is meant to be naturally supernatural. We are meant to operate from the power of God in our lives and not just from cerebral acknowledgement of, and assent to, biblical doctrine. This is demonstrated in both testaments. In a world that is looking for spiritual encounters in all the wrong places it's time for believers to give people Jesus' supernatural Kingdom of God.

Prayer & Forgiveness by Wayne Lutke - Oftentimes, unforgiveness takes root in our lives because we are offended at something that is said or done. Consequently, this root of bitterness is one of Satan's most destructive weapons that binds us and causes us to be ineffective. This workshop highlights ways to escape a victim mentality and be free to forgive.
