

Volunteers are a critical component to what we do. Since we started in 2013 Detroit Peppers has facilitated thousands of volunteer hours in the community.

You should become a volunteer.

You can read about our impact, mission, and story at www.detroitpeppers.com

Volunteer Opportunities

Saturday in the Summer- Our sites are busy between June- August and this is a great time to volunteer. Bring your family and friends. All we ask is you come willing to plug in and serve. Please let us know you are coming. There are many great restaurants we recommend in Hamtramck for lunch or dinner.

Volunteer group- Recruit a group between 4-20 people and volunteer for a weekend up to a week. You will get a unique experience in return. These groups typically fundraise \$500-\$1,500 for a project.

Internship- We have hosted a number of interns from six weeks to a year that have focused on things like business, farming, or photography. We can help you meet your school requirements or personal goals.

Please contact us for more information on any volunteer opportunities. Follow us on Facebook and Instagram for pictures and events.
