

Testimonials

Fastest Turnaround Time

EXCEPTIONAL! Global Safety Network (GSN) is second to none. They are fast and thorough. In fact, they have the fastest turnaround compared to the other vendors I have used. I value that GSN is looking out for my best interest by keeping me compliant. They know what they are talking about.

Exemplary Service Best Describes GSN

Global Safety Network is easy to work with, credible and provides exemplary service. The professional staff is available to help us with prompt fact-based responses and supporting detail (an example is FACIS). Thus, we are more educated so we can be an expert with our clients. I highly recommend GSN based on their immediate and accurate responses.

Easy-to-Use Dashboard & Short Learning Curve

Global Safety Network provides very fast and friendly service. In fact, I couldn't ask for anything faster. The best feature is the order dashboard that is easy-to-use and has a short learning curve.

What our clients are saying...

Responsive to Our Needs, Competitive Price & Great Customer Service

I have been an Express Employment Professionals Franchisee for 15 years and a customer of Global Safety Network (GSN) for a couple of years now. We use both the GSN background services and also acquire our drug testing supplies from them. We have found Global Safety to be very responsive to our needs, priced competitively and have found a great customer service organization to back us up whenever there are any questions. The turnaround time for background searches is surprisingly timely especially compared to our previous vendors. The reports are easy to understand, inclusive of the detail we need and error free.

Thanks for giving us the peace of mind for such critical information needed in our business. Keep up the good work!

Fast, Efficient & Flexible Service

Fast, efficient and great customer service. I've had to change up a package to suit my clients' needs and it's quick and easy to do with the team Global Safety Network has in place.
