

## LOOP HANDLE

1. Slide the buckle of your Canyon so it matches up with the end of the Canyon handle.
2. Wrap the Canyon straps securely around the top lip of your canteen.
3. Tighten the plastic slider against your canteen.
4. Tighten the Canyon knot against the plastic slider.
5. Tie an additional knot to secure your Canyon.

## ARC HANDLE

1. Slide the buckle of your Canyon away from the handle to fit the Canyon straps around the top lip of your canteen (creating an arc out of your Canyon handle).
2. Wrap the Canyon straps securely around the top lip of your canteen.
3. Tighten the plastic slider against your canteen.
4. Tighten the Canyon knot against the plastic slider.
5. Tie an additional knot to secure your Canyon.

Disclaimer: Following these instructions ensures your canteen will not slide out of the grip of your Canyon. Xtreme Canteen is not liable for any damages incurred to your canteen while using the Canyon.
