

## **INSTRUCTIONS ON NAVIGATING ARTESTEEM'S 22ND ANNUAL EXHIBIT (VIRTUAL)**

Greetings! We are so happy you're joining us to view and engage with ArtEsteem's 22nd Annual Exhibition gone Virtual. This is our first time providing an exhibit online and we are using an exhibit platform called ARTSTEPS. Given our vision, the importance of youth leadership and involvement and the various categories of work we will share, we've done our best to maximize the tools made available.

Take your time and enjoy! You will be moved as you witness the courage of our youth and the vibrancy and messages of their art.

Upon starting the tour, the exhibit will take a moment to download. Give it some time as every computer has its own process and could take up to 3 minutes.

Once you become acquainted with the navigation system, and slight quirks, this will be a seamless experience.

- ❖ Watch each video before navigating each room. The videos showcase inspiring youth.
- ❖ Click inside the video frame for the video pop-up. You can pause, play and control sound with the pop-up screen. The video automatically loops. Let it loop more than once so you can catch the entire video.
- ❖ Press play to move forward in the tour and pause to stop the tour momentarily.
- ❖ Each numbered Guidepoint is a stopping point to either enter the exhibit, view a video, or investigate a wall of art.
- ❖ When you get to a video or a wall of art press pause. To view the video follow the directions above in the second bullet and to view the art click on each piece to view, find the student artist name, school, year and/or artist statement.
- ❖ We recommend you view the entire exhibit twice. It's easy to miss details and by the second tour you'll be more acquainted and comfortable with navigating the tour.

Enjoy and spread the word! ArtEsteem's 22nd Annual Exhibition is up for a month from June 13th through July 13th of 2020.

Thank you!
