

AllyKing

ALLYKING CREAM

It is a premium high yield packaging board with enhanced stiffness, which offers a yield advantage compared to its competitors. With a single coating on the backside, which makes it suitable for one-color solid print. FDA compliant and Robinson test certificate have made an ideal choice for food and chocolate packaging. The high stiffness-to-weight ratio recognized by clients as an innovative alternative compared to duplex board or SBS board.

FEATURES & BENEFITS

- Fully compatible with all GC2 grades on the market.
- An ivory board with bulk of 1.7.
- Cream-colored backside.
- Suitable for all packaging applications.
- 82 Brightness.
