The students and parents must realize that when an attempt is made to formalize certain policies of this nature, there is always the possibility of inadvertently omitting some regulations and that additions and deletions are continuously being made. However, this handbook will provide students, parents, and teachers with the basic policies and regulations. Please be aware that the code of ethics applies to any Lee student 1)on school property, 2)in attendance at school, 3)at any school activity or function, or 4)at any other time or place when the student is involved in conduct that has a negative effect on maintaining school order and discipline, protecting the safety and welfare or others, or damaging the reputation of our school.

DISCLAIMER - This handbook does not and cannot address every situation, question, or problem that may arise. Any situation, question or problem that arises and is not covered in this handbook will be left to the discretion of the administration.

GENERAL POLICIES AND INFORMATION

Lee Academy welcomes returning students and new students who are just joining the Lee family. Lee Academy is your school, you will get out of it what you put into it. Working together, the administration, faculty, staff, students, and parents/guardians can work to make Lee Academy a place where we strive for excellence in all that we do.

Non-Discriminatory Admissions and Employment Policy

Lee Academy and the Lula-Rich Educational Foundation, Inc., in keeping with our belief in the innate worth of every person, welcome the application of students and staff members of any race, religion, color, and/or origin and do not discriminate against individuals of such groups. In an effort to provide a safe, caring and welcoming school environment, Lee Academy will not tolerate any form of discrimination directed toward students, faculty, administration, staff or visitors. Discrimination, against any individual, on the basis of race, origin, gender, religion or sexual orientation will not be tolerated and will be subject to disciplinary action that may include in the case of students suspension, or expulsion and in the case of employees, separation from employment.

Governance

An elected Board of Directors governs Lee Academy. The Board of Directors is made up of 12 members serving a staggered four year term. The purpose of the Board of Directors is to set and enforce governing policies of Lee Academy and to employ a Head of School.

COMMUNICATION

Webpage

Information about the school is listed and updated on the school's website www.leeacademycolts.org

RenWeb

RenWeb is a private and secure parents' portal that will allow parents to view academic information specific to their children, while protecting that information from others. Grades, schedules, homework, and other useful information is found on RenWeb. Parents must provide the school with a valid email address in order to gain access to RenWeb. Lesson plans and assignments are subject to change due to unforeseeable circumstances. Students are ultimately responsible for assignments given in class by the teacher.

Parent and Teacher / Administration Communication

Parents may communicate with their child's teacher via email. Teacher email addresses are listed in RenWeb, on the school's website, and in the handbook.

Any issues concerning classwork, conduct, athletics, or any other student concern not resolved through email should be handled through the following steps:

1. Contact the appropriate teacher or coach by contacting the office to set up an appointment.
2. After meeting with the appropriate teacher, or coach, if further communication is desired the parent should make an appointment to see the Head of School.
3. Administrators and teachers will be available for a conference without an appointment.

NOTE: Parents are not allowed to go to the classroom to get their child or see the teacher. If this is necessary report to the office and the appropriate arrangements will be made.

Parents are to refrain from calling teachers/staff at their homes; all contact should be made during school hours.

FINANCIAL POLICY AND INFORMATION

Lee Academy operates on a cash flow basis. It is imperative that we collect monthly tuition payments in a timely manner in order to pay our bills, including payroll, on time and maintain our reputation of fiscal responsibility. Failure on the part of our patrons to stay current with tuition payments places the entire school in financial jeopardy.

School Tuition Policy

Fees

1. Fees such as Registration, Facility, and Book fee are paid directly to the school. These fees are due at the time of registration. All of these fees are non-refundable.
2. No student will be allowed in class until the registration fee is paid in full.
3. Tuition fees are paid either by a one time annual payment directly to the school or by monthly payments through our tuition management company, FACTS. There are also other payable fees that are associated with extracurricular activities.

Tuition Payments

1. Tuition payments begin in June of each school year. Payments are normally based on a 12 month payment plan. Lee Academy has an agreement with a tuition management organization called FACTS. Under this plan, parents enroll with FACTS and this company deducts the monthly tuition from the individual's financial institution.
2. There are 3 methods of payment for tuition.
 - a. Full payment. Under this option the entire amount of tuition is paid on or before August 1 of each school year. This payment is made directly to the school office and not through the FACTS program. If a written request to be released from a contract is submitted and approved by the finance committee the funds will be returned when available and a \$150 service fee will be assessed.
 - b. Monthly Payments through FACTS. Under this plan the entire amount of tuition is paid monthly through FACTS Tuition Management Plan. This plan is an automatic payment plan made directly through your checking account or statement savings account. Those who agree to this plan authorize FACTS to deduct through their financial institution automatically on the 5th, 10th, or 15th of every month. Payment plans must begin no later than August 15 but may begin as early as June 5th. Parents must complete all tuition payment plans no later than May 20th of each school year. Those that enroll after August 20 will have prorated payments but they must also end no later than May 20th of the school year.

Monthly Payments

School families who choose the monthly payment plan and miss a monthly payment due to insufficient funds are assessed a \$30.00 missed payment fee by FACTS as well as incurring a fee from their own financial institution. The missed payment is reattempted by FACTS within 20 days. Two consecutive missed payment attempts by FACTS are considered grounds for dismissal from Lee Academy. Repeated missed payments, even if not consecutive, are considered grounds for dismissal from Lee Academy. No student will be suspended or expelled from school until the end of the current marking period during which the missed payments occur. The decision of the finance committee is final. Ten days after a payment is due, written notification will be sent to the parent(s) of any student for whom tuition remains outstanding, and for whom alternative payment dates have not been set.

Thirty days after a payment is due, a second written notification shall be sent. Balances that remain after 45 days will be submitted to the Lee Academy finance committee unless an alternative payment schedule has been set with the school finance committee.

Tuition Assistance

Normally tuition assistance for needy families is not available. However, prospective parents should make any requests for such assistance at the time of registration. If funds become available, we will judge each request based on information provided and other data available to the administration. If you have applied for tuition assistance and your child does not have a "C" or better cumulative average in all academic courses tuition assistance will not be considered. Only courses that are included in the school's policy for determining honor roll will be considered academic courses. Grades for summer school are not taken into consideration.

Non-Admission Due to Tuition Payment Delinquency

Any school family failing to pay their tuition according to their agreement with the school or who have been unwilling to make suitable alternative arrangements with the school will have their children withheld from class at the end of the nine week grading period. The administration will inform the parent in plenty of time before this happens. Parents that depart from Lee Academy with outstanding balances will not have transcripts forwarded to the student's next school until financial restitution is complete. Also students are not allowed re-admittance until all outstanding financial obligations are met.

Delinquent Tuition from Previous Years

Any unpaid tuition from previous school years prevents re-enrollment in Lee Academy. Under this criteria the administration will work with the parent to have no less than half of the delinquent tuition paid and a payment plan for the remaining balance. A promissory note and contract will be signed by the parent, administration, and tuitions payment office to ensure all delinquent money is paid off.

REFUNDS

Tuition

Any family that desires to withdraw their student(s) must submit a written request to the school's finance committee. If the request is approved the funds will be returned when they become available. After the first day of school, tuition is not refunded for that month even if the student only attends one day of class. Those who have enrolled in FACTS are advised that canceling through FACTS requires a minimum of 14 working days advance notice prior to the automatic deduction date of either the 5th, 10th, or 15th. Any student that attends at least one day of class for that month is charged for that month's tuition. Refunds are conducted in accordance with this policy regardless of circumstances or reason of withdrawal or removal of student from Lee Academy.

Other Refunds

Registration is non-refundable.

ADMISSIONS INFORMATION

Parents who wish to enroll a student at Lee Academy should make an appointment with the guidance counselor or school administration to begin the admissions process.

Forms Required for Admission

The school requires the following forms for a student:

1. Copy of the student's birth certificate
2. Current Immunization Form 121; including the Tdap shot for entering 7th graders
3. Transcript from previous school
4. Withdrawal form from previous school

Other Considerations for Admission

Lee Academy will not accept students who have been expelled, suspended, or asked to leave another school. Lee Academy will not accept students who have not satisfied all financial obligations from another school without special review from the finance committee.

Administrative Guidelines for Admission

The Administration reserves the right to deny admission to a student if after the application packet has been reviewed and it is determined that Lee Academy cannot meet the needs of the student. Due to lack of specialized programs, students with learning or behavioral problems may not be eligible for enrollment at Lee Academy.

If after reviewing academic records, it is determined that a student needs to repeat a grade/course, this recommendation will be made to the parents of the prospective student.

Accommodations

Students who have been tested within three years by certified professionals and diagnosed with specific learning difficulties may be eligible for accommodations. Parents must submit test results and written recommendations made by the testing professional. Following consideration of the test report, administration will make suggestions for reasonable accommodations.

Immunization Regulations

The Mississippi Legislature has made it mandatory for students attending school to be vaccinated. No student will be allowed to attend school without a Mississippi Compliance Form. The Mississippi State Department of Health now requires that all entering 7th graders have the Tdap vaccination before starting school. A Form 121 is required for all students.

Field Trips

Teachers will send home permission slips to parents informing them of the date, time, and place to be visited before each field trip. This note must be signed and returned to the school before the student will be allowed to go on the field trip. Students that have an "F" in a course for the previous nine weeks or that have excessive absences (10 or more) will not be allowed to go on the field trip.

Fund-Raising Activities

All fund-raising activities must be submitted in writing and upon approval will be scheduled by the Head of School with major fundraisers requiring approval from the Board of Directors.

Library

Lee Academy has a high school library serving grades 7-12. Fines and check out procedures are set by the librarian.

Delivery of Flowers, Gifts, Etc...

The administration discourages the practice of delivering flowers, balloons, and gifts to school. In the best interest of all concerned, classes will not be interrupted to deliver gifts, flowers, etc. STUDENTS WILL BE NOTIFIED OF DELIVERIES AT THE END OF THE SCHOOL DAY. Deliveries are not allowed on Valentine's Day or Halloween.

Visitors

Parents or other visitors are always welcome at Lee Academy; however, to prevent interrupting classes, all visitors are **REQUIRED** to check in the office. All parents or other visitors shall first check in at the Lee Academy high school office. Scheduled events and ceremonies such as chapel, ball games, track meets, graduation, school play, board meetings, committee meeting, etc., is an exception to this rule. Students not enrolled in this school are not allowed in the building or on the campus without permission from the school administration.

Lee Academy officials reserve the right to inspect students' lockers and vehicles on campus at times deemed necessary.

Facilities Use Policy

In order to use any Lee Academy facility after regular school hours or on the weekend, permission from the Athletic Director or Head of School must be granted for each individual occasion. Students under the 9th grade **MUST** be accompanied by an adult or an older sibling.

In order to use the facility you must be a Lee Academy student, alumni, faculty/staff member, patron or invited guest. Any guests must be cleared with the Athletic Director or the Head of School prior to being allowed on school grounds or to use any facility.

Any individual given permission to use any facility must ensure that no one remains inside the building when they leave, and all facilities are locked upon departure. The student, alumni, faculty/staff member, or patron is responsible for any damages that may occur while they are using any Lee Academy facility. The use of Lee Academy facilities is a privilege and may be revoked at any time by the school administration. The Lee Academy track is prohibited from use, other than students practicing track.

APPROPRIATE USE OF ELECTRONIC DEVICES

Cell Phone and Personal Electronic Devices Policy (Cell Phones, iPads, iPods, iWatch, electronic games, etc.)

Cell Phone Policy

Cell Phones are a distraction in the classroom and a disruption to the learning process. Cell phones are not allowed to be used during the school day. Students may **NOT** use cell phones in the classroom or hallways at any time. Cell phones must be put away in the off position during school hours. Students visually caught with cell phones out or heard will suffer the following consequences:

*1st Offense - Phone will be taken up and kept in the office. The child's parent must pick up the phone at the end of the school day.

*2nd Offense - The parent must pick up the phone on the following Monday.

*3rd Offense - The parent must schedule a meeting with the Head of School, and the phone may be picked up at the end of the semester.

Drug Testing

Lee Academy is committed to creating and maintaining a drug free environment. Students are subject to random drug/alcohol testing. All students in grades 8-12 will be required to participate in the drug testing program. Selection of students in grade 7 may occur.

Purpose of the Drug Testing Program

The first and primary purpose of the drug screening program is to help students. Other purposes of the drug screening program are as follows:

1. To educate the student concerning the dangers of drug abuse.
2. To help prevent any drug use or abuse by the students of Lee Academy.
3. To identify any students who may be using drugs and to identify that drug.
4. To see that any chronic dependency is treated and addressed properly.
5. To provide reasonable safeguards in order that every student who attends Lee is medically competent to do so.
6. To remove the stigma of drug abuse from those students who are not users.
7. To reassure parents, students, and the community that the health and academic progress of its students is the primary goal of Lee Academy.

Testing Procedures

1. The parents of each student, by signing their educational contract with Lee, are consenting to their child's participation in the drug testing program.
2. All students will give their social security number during registration.
3. All School Board, teachers, staff, and administrators will be tested initially and then be subject to selective testing.
4. Any time a student is on campus, or at a school function, or at any event sponsored by the MAIS, he/she is subject to testing.
5. Reasonable cause for concern will require a student to be included in any drug testing at any time.
6. Some students may be tested more frequently than others.
7. Refusal to participate will be interpreted as a positive result and will require the student to follow the required steps as outlined in the drug policy. Avoidance, such as leaving school without permission, will be interpreted as a positive result.
8. The method of testing is a form of urinalysis. Other methods of testing may also be used at selected times during the year.
9. During school wide testing the selection and coding of specimen samples will be executed in a manner ensuring total confidentiality and identification.
10. The urine samples will be collected and analyzed by a private laboratory using the most up-to-date methods of pathology.
11. Specimen samples will be identified by number only, ensure total confidentiality.
12. Drug screening results will be reported to the Head of School only.

First Incident of a Positive Test Result

1. The parents and the student will be contacted in a confidential manner by the testing medical review officer (MRO).
2. The Head of School will be advised of the results of all confirmed positive and negative tests.
3. The student will be evaluated and assessed by a professional at the expense of the parents. This professional will include one of the following: Certified Alcohol and Drug Abuse Counselor, Student Drug/Alcohol Assistance Professional, Licensed Social Worker, Medical Review Officer (MRO), or other designated appropriate agency. The parents' choice must be approved by Lee Academy.
4. The student will then be required to attend a drug counseling program as recommended by the health care professional at the expense of the parents.
5. The drug counselor will determine the length and manner of the program best suited for the student. The student must also participate in any after care recommendations or follow-up.
6. If a parent refuses to complete counseling program for his/her child, the student will be dismissed from school.
7. The costs involved for confirmation tests of school drug testing results, that prove to be a confirmed positive, will be charged to the parent.
8. After a first positive test, the student is subject to take every test during the school year.
9. Participation as a student in the school's curricular and extracurricular programs is not affected with the first incident of a positive result.
10. Written documentation of participation in aftercare must be provided to the school on a monthly basis for the remainder of the school year or longer. This entire process will be at the expense of the parents.

Second Incident of a Positive Test Result

1. The parents and the student will be contacted in a confidential manner by the testing medical review officer (MRO).
2. The Head of School will be advised of the results.
3. The student will be out of school suspended until such time that he/she provides proof of successful completion

of a pre-approved drug rehabilitation program administered at the expense of the parents. The parents' choice must be approved by Lee.

4. Reinstatement could occur with proof of a successful drug rehabilitation program and only after negative testing prevails. In order to maintain the reinstated status, the student will continue to participate in re-testing and must follow aftercare recommendations of the health care professional. Written documentation of participation in aftercare must be provided to the school on a monthly basis for the remainder of the school year or longer. This entire process will be at the expense of the parents.

Failure to provide this information or complete an approved program will classify a student as a third incident of a positive test result.

THE THIRD INCIDENT OF A STUDENT'S TESTING POSITIVE WILL RESULT IN PERMANENT DISMISSAL FROM LEE ACADEMY.

When teachers hear the fire alarm, they will escort their students from the building and away from the buildings using the exits posted in each room and listed in the teacher handbook. Students should remain in the secured location until the school bell rings three short rings. Students must exit the building in a single file line, quietly. Teachers must have a class roster with them when they exit the building.

Tornado and Earthquake Drill

Any student who violates any rule within this section will be immediately suspended for 3 days and must appear before the administration with his or her parents for a hearing. The subject of this hearing will be permanent removal from Lee Academy. Permanent removal is discretionary by Lee Academy administration and is not required.

Violations of these rules will be grounds for disciplinary action and may be grounds for expulsion. Disciplinary action may include suspension from school and/or school activities or permanent expulsion. Second and subsequent violations will result in harsher penalties. Any decision of expulsion by the administration may be appealed to the Board of Directors.

Sexual Harassment

Harassment of students or faculty will not be tolerated. Harassment includes any action, language, or innuendo directed by administration, faculty, staff, or students towards any individual at Lee Academy which might be construed as being violent, aggressive, sexual, or suggestive in nature. Faculty, administration, and staff members should be vigilant in identifying and discouraging any such behaviors on the part of students which might be intended to harass or intimidate other students or faculty members. Complaints of harassment should be reported to the Head of School. All complaints will be thoroughly and promptly investigated. If a complaint is found to be legitimate, the offender will be subject to disciplinary action which could include dismissal from employment or expulsion from school.

The intent of the dress code is to maintain an optimum learning environment throughout the school day and at all school sponsored activities. Uniforms are required for all Lee Academy students 7 - 12. Uniforms may be purchased from Parker School Uniform Company, online at www.parkersu.com, or at the store in Batesville, MS. Students who fail to wear the school uniform or violate the dress code will be subject to consequences. The dress code is in effect from the moment the student arrives on campus in the morning until the end of the academic day. On pre-announced jean days, students may wear jeans that are neat and without holes. Students participating in extracurricular Lee Academy activities may be required to purchase Lee Academy sports attire. This is the only authorized practice attire other than the uniform equipment. **Parents need to be responsible for checking whether their child's clothing meets the dress code requirements. The dress code will be enforced by the administration.**

ATTENDANCE REGULATIONS

It is very important that parents have their child in school on time every day that school is in session, and only in unavoidable cases should a pupil be taken out of school before the close of the school day.

Students who must be absent from class to represent the school in approved extra-curricular activities, such as athletic events and other functions, will not be penalized for their absences. However, these students will be responsible for completing all classroom work and homework missed during their authorized absences. Students who miss classes while representing the school on an approved trip will be considered in attendance.

Any student who is absent from school on the day of an athletic or school sponsored event will not be allowed to participate in the event unless approved by the administration.

A student that is absent due to an extended illness and is under a doctor's care at the time of the absence must bring documentation to that effect to school when returning to class or no medical consideration will be given to the student if he/she exceeds the allowable absences in the class. This documentation should be submitted to the office within five (5) days of returning from the extended illness.

Students absent from class for any other reason other than school sponsored or school related, for more than ten (10) times per semester course or twenty (20) times per year course, will not receive academic credit for courses in which the absences have occurred. The administration and the school board may waive this standard if it is determined that the absences resulted from unusual circumstances or extended illness.

Lee Academy will make an effort to notify parents of excessive absences, it is the responsibility and accountability of the parents and students to avoid excessive absences.

EXCUSED ABSENCES

Absences should meet one of the following conditions:

1. Illness, death, or marriage in the immediate family.
2. Observation of religious holidays.
3. Emergencies and special circumstances which must be cleared with an administrator or Head of School.
4. Doctor and dental appointments, etc., after all efforts have been made to schedule appointments of this type after school. (Routine appointments of this nature scheduled during class time are a disruption to the class.)

UNEXCUSED ABSENCES

All students who are absent from a class will be marked unexcused until the office receives a phone call from a parent stating the reason for the absence. Students that check out of school for a doctor's appointment and return to school, must provide an excuse from the doctor's office.

Students with unexcused absences forfeit the right to be exempt and may be assigned detention or suspension by a member of the school administration.

Examples of unexcused absences:

- Checking out to miss a class to attend a tutor, then returning back to school.
- Hunting
- Missing school to attend an event at another school (does not include an award day or school program where an immediate family member is being honored).
- Oversleeping
- Hair appointments
- Checking out due to lack of preparation for a test.

STEPS TO FOLLOW WHEN ABSENT FROM SCHOOL

1. Have a parent/guardian call the school with the student's name, date, days absent, and reason student was absent.
2. The student upon returning to school after an absence must present a note to the office and be issued an admit slip.
3. Each teacher must sign/initial the admit slip as the student attends each class. This slip will be left with the student's last classroom teacher, who will return it to the office. If a student who has been absent enters class without an admit slip from the office, the teacher should send the student to the office to get an admit slip.
4. A student who does not follow this procedure is considered to have an unexcused absence.

STUDENTS TARDY TO SCHOOL

Punctuality is expected of all students. Lee Academy believes it is the responsibility of parents to ensure that students arrive at school on time. It is the student's responsibility to arrive to class on time. After a student has three (3) tardies, early morning detention will be given for the fourth and subsequent tardies. Detention will be held Tuesday, Wednesday, and Thursday mornings beginning at 7:00 a.m. If a student misses or is late to detention another detention will be given. If a student misses three (3) detentions, in school suspension will then be assigned. (Please review the in school suspension policy.) The disciplinary action that will be administered for tardiness to a class within one semester is as follows:

1. Students who are not in class by 8:00 a.m. are considered tardy to school for that day.
2. Students arriving at school tardy must report to the office to get a tardy slip to class.
3. Students will present the slip to the teacher to show what time they arrived at school.

STEPS TO FOLLOW TO CHECK OUT OF SCHOOL:

1. Any student planning to leave school before the end of the day must have a parent call the office before 9:00 a.m. with information about the specific reason for leaving.
2. All students leaving early will sign out on the sign-out sheet in the office before leaving and sign back in if they return to school that same day.
3. **STUDENTS ARE NOT TO LEAVE SCHOOL WITHOUT PERMISSION FROM THE OFFICE AND WITHOUT SIGNING OUT. STUDENTS MUST NOT CALL THEIR PARENTS AND MAKE ARRANGEMENTS TO LEAVE SCHOOL UNTIL THEY HAVE FIRST RECEIVED PERMISSION FROM THE OFFICE TO DO SO.**
4. **AN OFFICE STAFF MEMBER MUST MAKE PERSONAL CONTACT WITH THE PARENTS BEFORE A STUDENT WILL BE ALLOWED TO CHECK OUT / LEAVE CAMPUS.**

If a student becomes ill, he or she should report to the office. The office will notify the parents. Students should not leave school without notifying the office and should not call home to make arrangements on their own.

THE STUDENT'S RESPONSIBILITY FOR WORK MISSED DURING ABSENCE

1. It is the student's responsibility to check on work missed during his/her absence.
2. If the student fails to make up missed work, he/she will receive a zero (0) for the work missed.
3. If a student misses the day a pre-announced test is given or project due, he/she can be required to take the test or turn in the project the day he/she returns to school.

4. Make-up work takes precedence over all other school activities; e.g., athletic practice, work, etc.

PRE-ARRANGED PARENTAL PLANNED ABSENCES / FAMILY VACATIONS

Please inform school administration at least 2 weeks prior to the absence. Administration will then inform teachers and other staff members of the student's absence. It is also encouraged that the student discuss with their teachers at least 2 weeks in advance their absence to discuss plans for makeup work.

SKIPPING

Students on campus must be in their assigned / scheduled class unless permission has been obtained from the classroom teacher (or substitute teacher) of their assigned / scheduled class. Students found to be absent without permission (skipping) will result in the notification of parents and will be subject to disciplinary consequences to be determined by the school administration. Leaving campus without permission from school administration or office staff is dangerous for the student and the school. Parents are asked not to give your child permission to leave school unless you have a valid reason and you have notified the school office.

ALCOHOL AND TOBACCO USE

A student's use or possession of tobacco, in any variety, is not permitted on campus or at any school sponsored or school related function. Any student found in possession of tobacco will result in the notification of parents and the student will be subject to disciplinary consequences to be determined by the school administration.

A student's use, under the influence, or in possession (on person, in personal belongings, or in vehicle) of alcohol is not permitted on campus or at any school sponsored or school related function and will result in suspension or expulsion from school. Additionally, the possession, use, sale, or supply of alcoholic beverages by or to an underage person is a violation of Mississippi law and individuals may be turned over to appropriate law enforcement personnel.

Lee Academy reserves the right to administer an accepted form of alcohol detection methodology to students at school or school sponsored activities when deemed necessary.

In the case of alcohol in a vehicle, all Lee Academy students in the vehicle will be considered in violation of the Alcohol and Tobacco Use policy and will be subject to the same disciplinary action.

IN-SCHOOL SUSPENSION (ISS)

The Head of School will assign in-school suspension, and parents will be notified. Depending on the location of misbehavior, the infraction will result in a lowering of the classroom citizenship grade to a "U." An in-school suspension may become an out-of-school suspension if it is the third one in a semester. The student is responsible for gathering the necessary textbooks and notebooks to complete all assignments. Classroom teachers will not be available to tutor the students during the suspension. Students will be in ISS from 8:00 until the end of the school day and will not be allowed to participate in any extracurricular activities that day (including practice or games).

A student placed in ISS will forfeit his/her privilege of exam exemption for the remainder of the school year.

OUT-OF-SCHOOL SUSPENSION (OSS)

Students who repeatedly violate (or commit a severe violation of) the rules and regulations will be subject to suspension from school for a period determined at the administration's discretion by the severity of the act (not to exceed five days). The student's absence(s) will be handled as an unexcused absence, and depending upon location of misbehavior, the infraction will result in a lowering of the classroom citizenship grade to a "U." The suspended student and parents will be notified verbally and in writing of the suspension.

During the time of OSS the student will not be allowed to participate in any extracurricular activities for the length of the suspension, and could possibly be permanently removed from any extracurricular activity.

EXPULSION

When the best interest of the school makes it necessary, the Head of School will make the recommendation to the Board of Directors to expel or to deny admission or readmission to the student. An expulsion hearing will take place within 10 school days, the decision of the committee will be final.

- Students whose willful misbehavior endangers the welfare of other students, or whose continued disregard for established rules disrupts the school environment will be subject to expulsion.
- Should such an occasion arise, the Head of School will suspend the student and recommend expulsion of the student to the Board of Directors.
- Students will be entitled to a hearing to explain their acts. A detailed account of violations will be provided to the student, parents, and the Board of Directors.
- A “due-process hearing” will be conducted if warranted. If a “due-process hearing” is scheduled, it will be the decision of the Board of Directors as to whether or not the student may attend classes.
- If class attendance is denied, homework and classwork assignments will still remain the student’s responsibility.
- Any student whose dismissal is successfully appealed is responsible for turning in missed class work and homework within two (2) days of returning to school. Tests will be made up within the time frame set by the administration.

SCHOOL GRIEVANCE POLICY

Lee Academy has the responsibility to act fairly to issues of contention that have the potential to cause a breakdown in the relationships between members of our school community. It is important to remember that when handling complaints, regardless of how important or unimportant the issue might appear on the surface, for the persons involved, it is a source of unhappiness. Anyone who makes a complaint must be treated with respect; Lee Academy’s response will be perceived as a measure of how we live up to the values we hold true.

What to do if you have a problem or complaint:

1. Identify the problem clearly before contacting the school. If there is more than one problem, list them to ensure the extent of the problem is clear to the school.
2. Decide whether the problem is a concern, inquiry, or complaint. This will help in identifying a solution.
3. Make an appointment to meet with your child’s teacher, coach, or other faculty member. Please call the Lee Academy office to set up an appointment with the faculty or staff member involved. All appointments will be made through the office.
4. If you do not feel that after your meeting your problem was resolved or if you have a complaint regarding the teacher, coach, or other faculty or staff member; the manner in which the teacher meeting was held, you are then asked to meet with the Guidance Counselor.
5. Upon a meeting with the Guidance Counselor if you still do not feel the matter has been resolved or if your complaint is about a very serious matter, send your complaint in writing to the Head of School.
6. After your complaint has been addressed by the Head of School if you are still not satisfied with the outcome, you shall then send your complaint in writing to the Chair of the Student Admissions and Affairs Committee or the President of the School Board.

Please keep the following in mind when you make a complaint:

- If a complaint is made against a person, that person will be informed of the nature and content of the complaint and the individual will have the right to respond.
- Discussions of complaints are confidential.
- Complaints may be made verbally or in writing.
- All complaints and actions taken to resolve them will be documented.

- A person who made the complaint may withdraw the complaint at any time, if the complaint was made in writing the withdrawal of complaint should also be made in writing.
- No one will be victimized as a result of taking out a formal grievance.
- Discuss issues regarding the complaint in a calm and reasonable manner. Even if you do not feel calm, remaining calm will allow you to get your concerns across more clearly than if you are upset or angry.
- If a conversation escalates and becomes out of control, the meeting will immediately end and when all parties can remain calm and speak in respectable tones the meeting will be rescheduled.

BULLYING

Lee Academy is committed to each student's success in learning within a caring, responsive and safe environment that is free of discrimination and bullying.

Bullying is unwanted, aggressive behavior that involves a real or perceived imbalance of power. The behavior may be repeated or has the potential to be repeated over time. Bullying includes actions such as making threats verbally, in writing or through electronic means; spreading rumors through speech, writing or electronic means; attacking someone physically, causing physical or emotional humiliation as well as purposefully excluding someone from a group for the purpose of isolating or shunning them. Bullying is an act of violence and it is a cowardly act, in direct conflict with the moral and ethical standards of Lee Academy.

Lee Academy considers bullying in any form among the most egregious of offenses that can be committed, and, as such, will warrant among the most severe disciplinary consequences issued by the school, including but not limited to, internal or external suspension, as well as permanent expulsion from the school.

Any incident of bullying, whether it is committed by a student against a student, a student against a teacher or any adult employee of Lee Academy against a student, should be reported immediately or as soon as practical to a member of the faculty or administration. Any witness of an incidence of bullying or any person having knowledge of any incidence of bullying should report that information directly to a member of the faculty or administration.

Any member of the faculty or administration having been made aware of any incidence of bullying shall report that information to the Head of School.

Procedures for Addressing Incidents of Bullying

Any time an incidence of bullying is reported to the Head of School, it shall become incumbent upon the Head of School to investigate the allegations. Following his or her investigation, if the Head of School believes that an incidence of bullying has occurred, the Head of School shall take the following steps:

- 1) A written report of the incident, including the aspects of the Head of School's investigation and written reports from individuals involved in the incident shall be recorded. The findings will be produced by the Head of School for the school's records.
- 2) If a student is found responsible for an incidence of bullying, a conference with that student and his parents or legal guardians and the Head of School will take place as soon as possible. During that meeting, the Head of School will discuss the incident(s) with the student and his parents or legal guardians. The Head of School will review with the students and parents or legal guardians Lee Academy's policies on bullying. If disciplinary measures for the infraction have been reached, the Head of School will explain them thoroughly to the student and his parents or legal guardians. If disciplinary measures have not been decided by the time of the initial meeting, once they are reached, the Head of School will call another meeting to carefully explain them to the student and his parents or legal guardians.

Disciplinary Actions for Incidents of Bullying

The Head of School, in his or her discretion, may determine the severity of the disciplinary actions for an incidence of bullying within the following parameters: the disciplinary actions for a first offense of bullying will include but may not be limited to:

A written report of the incident added to the student's permanent record. A meeting with the Head of School, the student and his/her parents or legal guardians during which the Head of School will explain thoroughly to the student and his/her parents or guardians, the nature of the offense, the school's bullying policies as well as any and all disciplinary steps that may be taken, which shall include, at least:

- A) an apology from the individual who bullied to the person to whom he committed the offense; and
- B) a requirement that the individual who committed the offense obtain counseling from an approved professional counselor until such time as that counselor can provide a written opinion that the offender has gained an understanding of his transgression; and
- C) the minimum penalty for the offense, which may carry a greater penalty at the discretion of the Head of School, will be an in-school or out-of-school suspension, after which the student will be responsible for making up any school work he/she may have missed due to the suspension. Any suspension includes not only classes but any other school related event for the duration of the suspension.

A repeat act of bullying, following the report and discipline of a first offense, will be considered among the most severe infractions of school policy. The Head of School, in his or her discretion or, in accordance with a Disciplinary Committee which may be established for this purpose, will determine the appropriate disciplinary action to be taken for the incident, which may include permanent expulsion from the school.

Plagiarism/Cheating

Plagiarism

Plagiarism demonstrates a lack of integrity and character that is inconsistent with the goals and values of Lee Academy. Excellent written expression of well-formulated ideas is a fundamental skill for academic and career success. Plagiarism interferes with the assessment and feedback process that is necessary to promote academic growth. Plagiarism defrauds the instructor with a false view of a student's strengths and weaknesses. It may prevent further instruction in areas of weakness and therefore delay the students reaching his or her potential.

Plagiarism is defined as an act or instance of using or closely imitating the language and thoughts of another author without authorization and the representation of that author's work as one's own, by not crediting the original author.

Plagiarism includes:

- taking someone else's assignment or portion of an assignment and submitting it as one's own
- submitting material written by someone else or rephrasing the ideas of another without giving the author's name or source
- presenting the work of tutors, parents, siblings, or friends as one's own
- submitting purchased papers as one's own
- submitting papers from the Internet written by someone else as one's own
- supporting plagiarism by providing work to others, whether it is believed the work will be copied

Cheating

Cheating demonstrates a lack of integrity and character that is inconsistent with the goals and values of Lee Academy. Education is based on learning specific skills, forming lifelong work habits, and developing mature coping skills

according to each student's unique abilities. Stress propels students to make unethical choices. When students choose to cheat, it may be a symptom of more serious problems such as inappropriate class placement, over-commitment to extracurricular activities, and/or academic desperation. The compromise of their values through cheating may lead to loss of self-esteem, as the students are often painfully aware of their shortcomings and fight a tiring battle to preserve their image at the cost of their ethics. True self-esteem is based on competence. Cheating robs students of their opportunity to become competent. Assignments should be considered individual unless the instructor states otherwise.

Cheating includes:

- copying, faxing, emailing, or in any way duplicating assignments that are turned in, wholly or in part, as original work
- exchanging assignments with other students, either handwritten or computer generated, whether it is believed they will be copied or not
- using any form of memory aid during tests or quizzes without the expressed permission of the instructor.
- using a computer or other means to translate an assignment from one language into another language and submitting it as an original translation
- giving or receiving answers during tests or quizzes. It is the student's responsibility to secure his or her papers so other students will not have the opportunity or the temptation to copy
- taking credit for group work when the student has not contributed an equal or appropriate share toward the final result
- accessing a test or quiz for the purpose of determining the questions in advance of its administration.
- using summaries/commentaries (*Cliffs Notes, Spark Notes, etc.*) in lieu of reading the assigned materials. This applies to summer reading assignments.

Alternatives to cheating and plagiarism:

No student should cheat or plagiarize. Lee Academy provides numerous support services for students to help them achieve success honorably. Students who advocate for themselves and seek appropriate help when they need it will not need to cheat or plagiarize.

The following behaviors promote true student achievement:

1. Be prepared. Try to keep to a realistic schedule balancing academic obligations and one's social and personal life.
2. Make certain that you understand your assignments and the grading assessment that will be used. If you have questions about an assignment or an assessment, talk to your instructor. Do not rely solely upon a classmate for clarification.
3. If you study for a test with a classmate, make sure that you do not sit near each other during the test since your responses (and errors) may be similar.
4. Do not read or scan someone else's paper before writing your own. Some of the ideas in the other person's paper may be ideas that you would have used, but you will now need to credit the person whose paper you read for those ideas.
5. Use all avenues of support available to you. For help needed beyond the classroom, see your instructor, other instructors in the department, a peer tutor, or a parent or other adult who is well-versed in the subject.
6. Assignments should be considered individual unless the instructor states otherwise.
7. Be organized. Having class notes in an orderly, easily accessible format will save time and anxiety when studying for a test or writing a paper.
8. Keep current with assignments. If you need to read an entire novel the evening before a test or before a paper is due on that novel, your performance on both will suffer.

9. If, for whatever reason, you choose to use another's ideas or solutions, cite that person as a source on your paper or project.
10. Know what constitutes cheating, including all the variations of plagiarism.

The role of parental support in their children's achievement and ethical development:

Parental support of academic achievement and ethical development is fundamental to students' long-term success. The following behaviors will assist parents in promoting true student achievement:

1. Teachers are available for extra help after school, and resource centers are open all day for individual assistance. In addition, peer tutors are available when extra help is needed. Encourage their use.
2. Assess your child's abilities realistically. Help her/him to choose courses in which she/he will be successful and challenged without undue stress.
3. Don't push children beyond their limits with your expectations or aspirations. Many times students make bad decisions because the pressure to excel is greater than their ability to meet the expectations.
4. If you suspect your child is experiencing difficulty in a class, please contact the teacher, guidance counselor, or Head of School. The sooner the problem is identified; the sooner steps can be taken to alleviate it.
5. If your child is caught cheating and you are called, please remember that this is a learning experience; help your child to accept the consequences for his/her inappropriate actions.

Disciplinary Actions for cheating

Students caught cheating will be given a zero on that test or assignment, and their parents will be required to have a conference with the student, teacher, and the Head of School. Additionally, the student will be placed in one day in-school suspension. Repeated violations will be dealt with more severely, including out-of-school suspension, and parents must meet with the Head of School to have their child readmitted to class.

SOCIAL MEDIA POLICY FOR STAFF AND PARENTS

Inappropriate behavior or action by staff, parents, or guardians posted on any social network site that portrays any student of Lee Academy, any staff or faculty of Lee Academy in a manner that may cause harm or distress including bullying, threats, harassment, or similar actions are prohibited.

If an employee chooses to identify himself or herself as a Lee Academy employee on a website or blog, he or she must adhere to this policy:

Do not use personal insults, profanity, ethnic slurs, or disrespectful language for posting to social media sites which can be linked in any way to Lee Academy or its affiliates. This can occur when posting to personal sites with Lee Academy logos on shirts or any other objects and when referenced in information cover pages that you are an employee of Lee Academy. Teachers or staff members who commit these violations will be suspended without pay for first violation. A second violation may result in termination.

Parents or guardians who commit any of these violations may be banned from Lee Academy events and programs. This includes all academic and athletic events held on the Lee Academy campus or any events not held on Lee Academy property. A second violation may result in their children being suspended or expelled.

STUDENT SUPPORT

Student support is designed to provide students additional help with academic deficiencies, time to complete missing assignments and tests, and time for standardized test prep. The student support time is not necessarily a one-on-one situation; there could be several students to seek help or get ahead in their studies during the school day. Student support was designates to allow students to seek help or get ahead in their studies during the school day. It also allows us to help students when they are out of school for school-related activities.

STANDARDIZED TESTING

These test scores may be used to determine admission to various honors programs and dual credit programs.

ACT Aspire - The ACT Aspire is a computer based, longitudinal assessment system that connects growth and progress from elementary grades through high school in the context of college and career readiness. Assessing students' knowledge and skills is critical to ensuring all students receive the support and services necessary to succeed in school and life.

PSAT/NMSQT - The Preliminary Scholastic Aptitude Test in combination with the National Merit Scholarship Qualifying Test is administered each October to all 10th and 11th grade students. Test scores are usually reported by January.

ACT - The American College Test is required as an entrance test to over 90% of colleges and universities in the United States. Some colleges and universities require the SAT (Scholastic Aptitude Test), it is the student's responsibility to contact desired colleges and universities to determine which of the two tests should be taken. The tests are administered approximately five times a year, always on a Saturday, and are taken at the expense of the student. Published testing dates are posted in the guidance counselor's office.

Students can register electronically for the ACT by following guidelines posted at www.act.org or for SAT at www.collegeboard.com

ACT results must be on file at Lee Academy prior to graduation.

Weekday ACT Administration

DEFINITION OF ATHLETIC TEAMS AND ATHLETES

Athletics and athletes at Lee Academy are defined as all interscholastic sports teams and cheerleading squads. The word athlete will mean all members of the above mentioned teams and squads.

ELIGIBILITY

All students must meet the criteria of the MAIS for establishing eligibility for the school year. The rules states that all athletes must pass four major subject areas the previous school year; this may include summer school and/or a certified correspondence course.

Athletes receiving an "F" at the end of a grading period (nine weeks) will become ineligible to participate (compete in games and practices). The athlete's eligibility may be reestablished once they earn a "C" or better in their classes. Only school administration can reestablish a student's eligibility.

The ineligible period will begin the day the report cards are posted on RenWeb.

If the athlete's team will begin state playoff competition within two calendar weeks of the day he/she becomes ineligible, the administration may allow him/her to continue to compete throughout the duration of the playoff competition. However, the athlete will not be allowed to compete in any sports (only the one involved in the playoff competition)

during the period of ineligibility.

EXTRACURRICULAR/ATHLETIC ELIGIBILITY

There are many regulations set forth by the MAIS which governs competition among MAIS member schools. The ones with which students and parents should be most familiar are listed below:

High School

1. A student shall not have reached his/her 19 birthday before August 1 in the school year in which he wishes to participate.
2. Upon entering the 9th grade, a student will have 4 consecutive years of eligibility in inter school contests on the high school level.

Junior High

1. A student shall not have reached his/her 16th birthday before August 1 in the school year in which he wishes to participate.
2. Upon entering the 7th grade, a student will have 3 consecutive years of eligibility in inter school contests on the junior high level.

ATHLETIC ELIGIBILITY - ABSENCE FROM SCHOOL

A student who is present 4 class periods or more will be considered present for the day. A student present for less than 4 full class periods will be ineligible for extracurricular activities for that day.

SPORTSMANSHIP

Sportsmanship is defined as, "fair and generous behavior or treatment of others, especially in a sports contest." Lee Academy coaches and players are expected to conduct themselves at all times in a manner that supports sportsmanship and fair play.

Rude or abusive behavior will not be tolerated by players and/or fans of Lee Academy and may result in severe disciplinary action.

RESPONSIBILITIES OF THE ATHLETE

As a student athlete you are always representing yourself, your family, Lee Academy, and our community. As a student athlete you should always strive to live up to the standards of sportsmanship as established by Lee Academy. Student athletes should always display positive actions in public, always respect the integrity and judgements of officials and your opponents. Attend every practice or workout unless excused by the coach.

RESPONSIBILITIES OF THE FAN

Spectators at an athletic competition have an important role in displaying good sportsmanship. As a group, your actions may have the biggest impact on how others see the reputation of Lee Academy. Lee Academy fans should compliment student-athletes in their attempts to improve and learn. We should know and understand the rules of the game and cheer good performances by both teams.

We must respect players, coaches, and fans of opposing teams and never confront them at any time. Lee Academy fans should never interact with an official/umpire before, during, or after a game; MAIS rules states that game officials are "off limits". We should never cheer against or degrade game officials, opposing players, teams, coaches, and fans. We attend games to support our teams - not belittle opponents and yell at officials.

FAN EJECTION

Any fan ejected from a game shall be expected to be barred from all MAIS events until the individual has fulfilled sanctions and conditions imposed by the MAIS. Furthermore, Lee Academy reserves the right to impose its own sanctions and conditions in additions to the MAIS.

A common sanction for an ejected fan is a fine generally ranging from \$300 to \$1,000. Additionally, Lee Academy will be fined within the same monetary range. In the event Lee Academy is fined due to a fan the fine will be paid by the fan, the amount will be considered indebtedness to the school. If the fan has a child participating in the Lee Academy athletic program the child will become ineligible to participate until fine/indebtedness is paid.

ATHLETIC LINES OF COMMUNICATION

Parent/Coach Relationship

Both parenting and coaching are extremely challenging responsibilities. By establishing and understanding each position, we are able to accept the actions of others thus enhancing effective communication. As parents you have a right to understand what expectations are being placed on your child. This begins with effective communication.

Communication to expect from the Coach:

- When and where practices and games are to be held.
- Expectations the coach has for your child and the team.
- Team requirements/rules for being a member of the team.
- Notification of disciplinary action results in your child being denied participation in practices or games.
- Notification of game day changes will be made through RenWeb either by email or parent alerts.

Communication Coaches expect from Players:

Athletics will allow students to experience some of the most rewarding moments of their lives. It is important to remember and understand that students may also experience disappointment and frustration. During these times, student initiated discussion with the coach is encouraged and recommended. It is at the discretion of the coach to determine if an absence at a practice or sporting event is considered excused.

Parents and Students should:

- Students should first notify the coach regarding any scheduling conflict well in advance. Parents should follow up with a phone call after their student has made first initiative to inform the coach of a scheduling conflict.
- Parents and students should notify the coach of any health concerns.
- Parents and students should notify the coaches of any injuries, treatments, or rehab. These should also be accompanied by a doctor's note.

Appropriate Concerns for Parents to discuss with Coaches and Athletic Director

- Any unhealthy mental or physical strain you detect in your child at home.
- Ways you can contribute to your child's skill improvement and development.
- Any dramatic changes you detect in your child's behavior.
- Treatment of your child mentally or physically.

Issues NOT Appropriate for Parents to discuss with Coaches

- Playing time / Positions
- Team strategy or play calling
- Other student athletes

Procedures to follow if you have a concern to discuss with a Coach

1. Make an appointment with the Athletic Director to set up a time to meet with the coach you need to speak with. NEVER approach the coach immediately after a game. Lee Academy acknowledges a 24 hour grace period concerning discussions with coaches.
2. Do not confront a coach before, during, or after a game or practice (24 hour grace period). These can be busy and emotional times for coaches, students, and parents. Meetings of this nature do not promote resolution. Productive meetings require calm, rational attitudes.

If the meeting with the coach and the Athletic Director does not result in a resolution of the problem, an appointment

with the Head of School should be made to discuss the situation.

GENERAL INFORMATION AND POLICIES

CONDUCT

The conduct of a athletes must reflect that they represent Lee Academy. An athlete is often respected and admired by the student body, spectators, and children in the community. The role of a student athlete is filled with responsibility. In both academics and athletics and in the community athletes' behavior must exemplify good citizenship, a positive attitude, and a strong work ethic. Athletes must adhere to this code of conduct:

- Conduct themselves in such a manner as to make themselves and their team better.
- Play hard and play for the love of the game.
- Remain, drug, alcohol, and tobacco free.
- Display positive actions in public.
- Respect officials and accepts their decisions without question.
- Win without boasting and lose without excuses.
- Athletes that are removed from a game by the officials, coaches, or by actions that reflect poorly on Lee Academy in the opinion of the administration and are subject to disciplinary actions.

ATHLETES PARTICIPATING IN MULTIPLE SPORTS DURING THE SAME SEASON

If a student wishes to participate in more than one sport during the same season the coaches of the involved sports must mutually agree before he/she will be allowed to do so. In some situation, it is impossible to play multiple sports in the same season due to conflicting schedules or practices and events. Student athletes should consider the time commitments of participating in multiple sports during the same season and the impact this will have on their academic well being.

Should an athlete be permitted to participate in multiple sports during the same season, the coaches should then devise a schedule of practices and games that the athlete will attend daily. Athletes playing multiple sports must fulfill the obligations of each team as set by the coach in order to participate in each sport. If the coaches cannot come to an agreement on a particular date this information should be forwarded to the Athletic Director and he will make the decision as to what sport the athlete will attend on the date in question.

In NO INSTANCE should the athletes or his/her parent make the decision as to what he/she will participate in on a particular date.

PARTICIPATION IN OVERLAPPING SPORTS

In the case where an athlete desires to participate in a sport in which he/she plans to participate begins prior to the conclusion of the first sport, the athlete's primary responsibility is to the first or seasonal sport. No athlete will be taken from one sport at the expense of another sport at Lee Academy. The head coach of the in season sport has the right to deny or grant permission for the athlete to participate in some activities on a limited basis.

QUITTING A SPORT DURING THE SEASON

The purpose for these guidelines is to reinforce a commitment to finishing what you start and to reinforce loyalty to your teammates and program. These guidelines prevent athletes from changing sports for inappropriate reasons (quitting toward the end of an unsuccessful season to start a new sport) or to reinforce to players that may have taken a limited role on the team that there is an obligation that goes with being selected to a team.

If an athlete begins the season with a team and subsequently quits the team; he/she will be unable to participate with any other athletic teams until the season of the team he/she quit has completed. In the case where an athlete is competing in multiple sports during the same season and quits one of the teams, he/she WILL BE ALLOWED to continue to complete on the other teams he/she was already a member of.

The coach of the team that an athlete quits does have the authority to give permission for the athlete to begin participating with another sport if he/she so desires. THIS MUST BE CLEARED THROUGH THE ATHLETIC DIRECTOR BEFORE THE ATHLETE CAN BEGIN ANY ACTIVITY WITH ANOTHER SPORT.

OUT OF SCHOOL SUSPENSION

Any athlete receiving out of school suspension will additionally be suspended from all athletic participation (including practice and interscholastic competitions). The student may not attend any athletic competitions during the period of suspension. The athlete may be reinstated for athletic participation by the Lee Academy administration.

TEAM TRANSPORTATION TO ATHLETIC EVENTS

The Athletic Director will arrange all team transportation. The mode of team transportation will either be by school bus, charter bus, or parents. The Athletic Director will work closely with each coach in determining travel arrangements. All team members of a sport are expected to travel to each event in the school arranged transportation. In the case of an unusual circumstance an athlete may request to travel to a competition in a manner other than that arranged by the school. This request must be submitted in advance to the Athletic Director.

Athletes not riding home in school arranged transportation - An athlete may be released to his/her parent following a competition. The coach should be sure he/she has made personal contact with the parent before releasing the athlete. Once the athlete has been released to his/her parent, Lee Academy and the coach have been relieved of all liability and responsibility. If an athlete is to ride home with an adult (parent) other than his/her parent, the coach must secure permission from the parent by personal contact (a note with parent signature is highly recommended at least one day prior to the event). A coach MAY NOT release an athlete to a non-adult.

GAME DAY DRESS

Athletes should plan to wear a special "Game Day" shirt in lieu of the school uniform. Athletes will be able to wear this shirt only on days they are participating in an athletic event. School uniform bottoms will be worn with the Game Day shirt. All members of the team must wear approved "Game Day" top or the entire team may forfeit this privilege. Again, the Game Day shirts may be worn only on game days or a specific day that has been approved in advance by the administration. Athletes will always be required to dress in a manner consistent with the spirit and values of Lee Academy - obscene language, symbols, or symbols of sex, drugs, or alcohol on clothing are prohibited.

Colts and Fillies Athletes (Boys and Girls) may purchase a "Game Day" shirt or other athletic wear through the school sponsored program.
