Develop tools or materials to support locality participation in the Community Rating System. Examples could include web applications for sharing elevation certificate information or data and analyses for locality watershed plans. Investigate feasibility of regional Program for Public Information.
Hampton Roads Regional Resiliency Studies and Analyses

- Resilient Stormwater Design Guidelines Case Study Analysis
- Assessment of Local Hydraulic and Hydrologic Data and Models
- Appropriate Stormwater Best Management Practices for Water Quantity in the Coastal Plain
- "What's in your floodplain?"
Resilient Virginia Revolving Loan Fund

Established by HB1309/SB756. Fund will make loans and grants to local governments for resilience projects.

- Managed by VRA and administered by DCR
- Capitalized with $25M from CFPF
  - Governor's proposed budget includes additional $200,000,000 from the general fund
- Review committee will be established to review applications.
Moving towards annual cycle
Will include loans and grants
Many details still to be determined

nature-based solutions
25% low-income requirement
community-scale emphasis

CFPF:
-site/parcel hazard mitigation
-emphasis on private industry
"regional" projects (2+ local governments)
Upcoming Meetings

February 24 - Coastal Resiliency Working Group
• VDOT Resiliency Plan

March 24 - Coastal Resiliency Committee
