Through the decades since our founding in 1896, we remain a leader, advocate and innovator in child and family services. We change as the concerns and challenges of our families change.

Our newly launched 2016-21 Strategic Plan reflects our 120-year commitment to providing the highest quality services and creating positive, lasting change for families in Washington state and beyond.

Our plan includes creating a hub in each of our communities that focuses on providing comprehensive and integrated services that meet the whole needs of the child and their family. The hub provides a streamlined and cohesive support system for families to access various services within CHSW and externally with community partners. To provide the greatest impact, the hub will incorporate innovative solutions to tackle difficult challenges facing families.

The ultimate goal is to help families and children receive the services and support they need to get on the path toward success and stay there. In 2016, we began assessing the readiness of our communities for implementing the hub and preparing for the future.

In this year's annual report, we highlight what we envision for each of our hubs that will greatly improve the lives of our children and families in Washington state and influence child and family services around the country.

To make the 2016-21 Strategic Plan a reality, we will need caring and dedicated staff, community partners, volunteers and supporters like you who believe we can create "a world where all children thrive."

We are grateful for your time, hard work and tireless commitment to our families and children. You go above and beyond, and your dedication to our work is truly remarkable. Thank you for your support as we empower communities to become stronger.

D. Sharon Osborne
President/CEO

Neal F. Lessenger
Board Chair

For year ending June 30, 2016

Revenue

Private Support \$5,647,008

Federal \$9,818,103

State \$3,739,656

County \$6,048,199

Total Revenue \$25,252,966

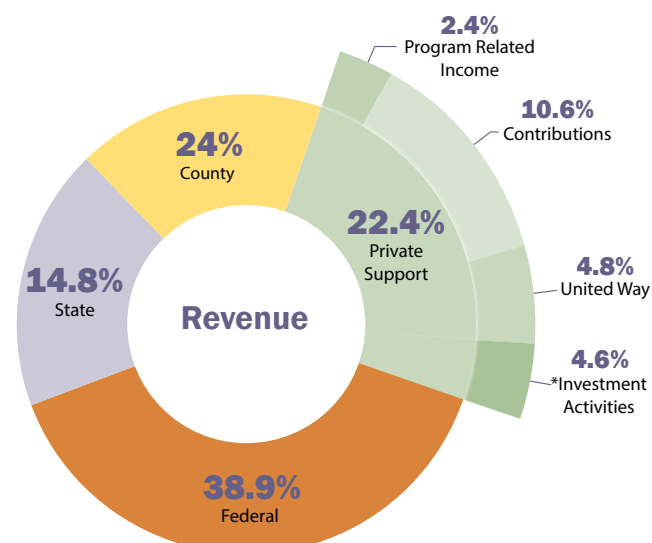

Expenses

Program Service \$19,023,579

Management and General Operating \$3,711,015

Fundraising \$1,156,870

Total Expenses \$23,891,464

* Additional revenue was acquired through the sale of property.

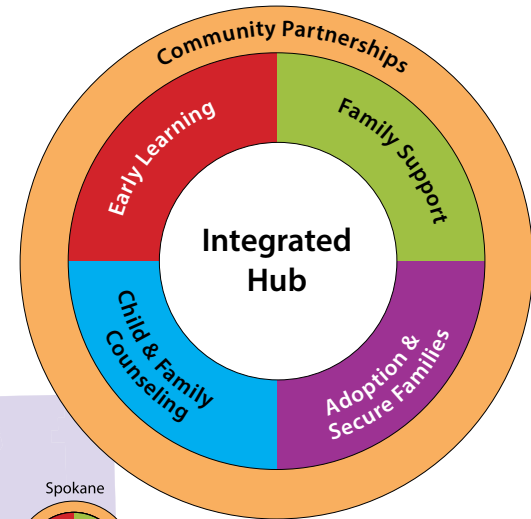

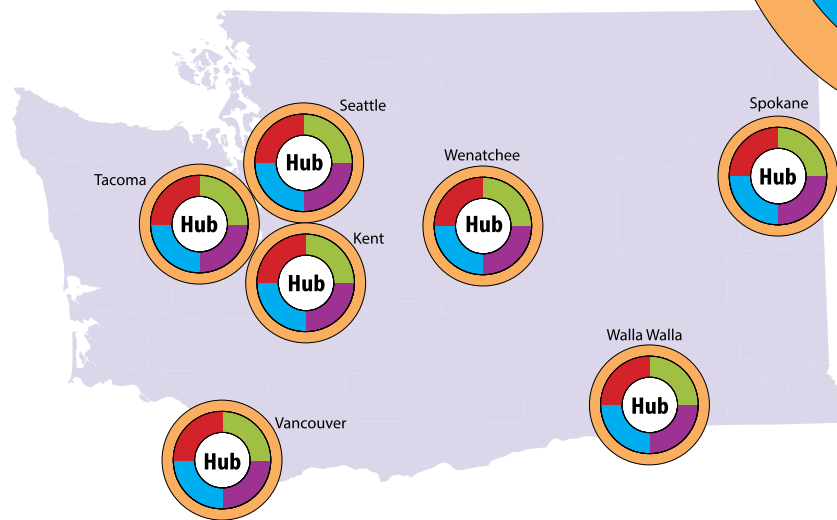

** Percentages are rounded to the nearest number.

Connecting families and children to the services and support they need!

In 2016, CHSW launched its new strategic plan that sets the future of our organization and those we serve. We began assessing the readiness of our locations to provide holistic and comprehensive services alongside partners so we can better serve our children, families and their communities. In this year's annual report, we share with you our progress in making the strategic plan a reality.

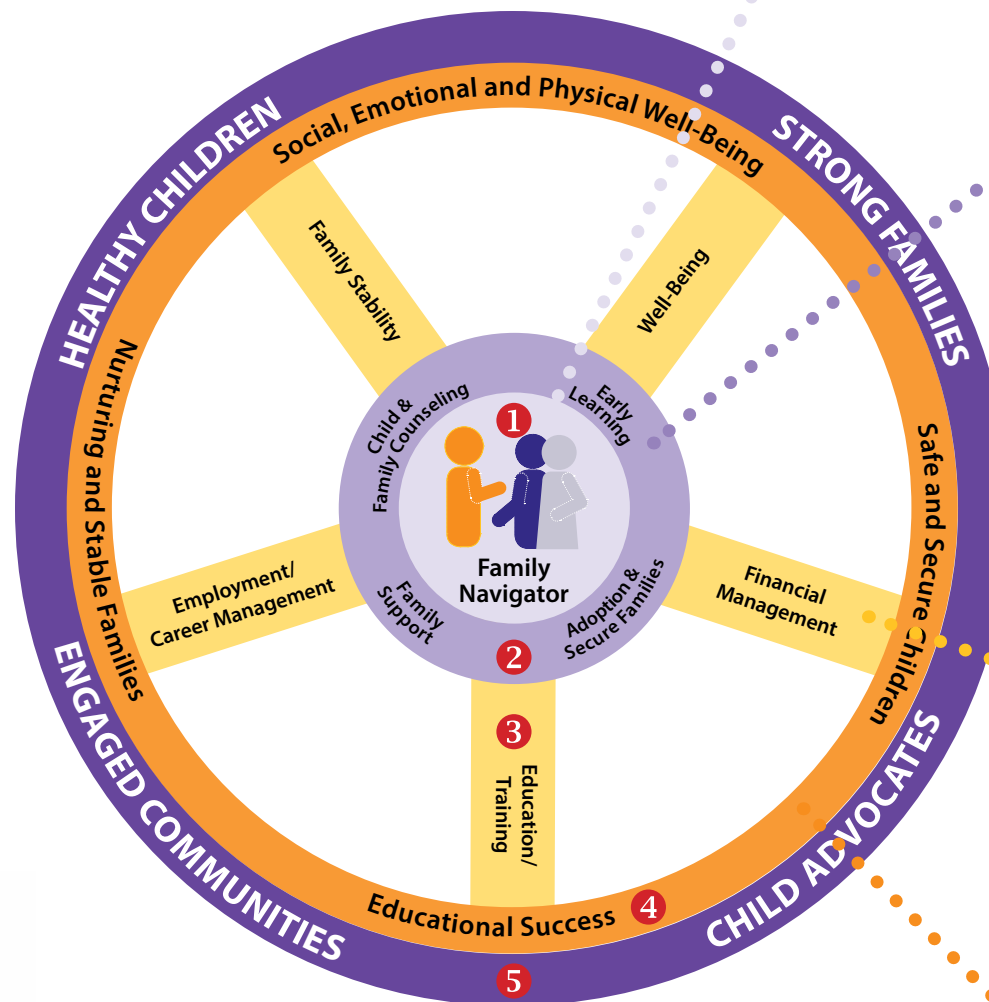

Our future direction

We want to ensure that children and their families reach their full potential. We will create an integrated hub in each community that focuses on supporting all phases of a child's life from birth to 12. The hub provides a streamlined and cohesive support system for children and their families to access comprehensive services easily.

Foundation for support

By eliminating barriers and providing a continuity of services, the hub significantly improves access so all families have the opportunity to turn long-term goals into achievable steps.

1 **Family navigators** will be dedicated to connecting families with signature services inside our organization and resources such as housing, financial counseling and physical health from our community partners.
Family volunteer liaisons will partner alongside our family navigators to provide additional support to families.

2 Our **Signature Services** focus on supporting the child within the context of the family.

- **Early Learning:** We create a solid foundation that helps create a pathway to educational success.
- **Family Support:** We build on a family's strengths, find support networks, and promote overall well-being.
- **Child & Family Counseling:** We build stronger families through communication, stress management, parenting and problem-solving skills.
- **Adoption & Secure Families:** We help children find nurturing, stable families where they can thrive.

3 By working alongside **Community Partners**, we support families in creating stability that will lead to loving, nurturing homes for their children.

- **Family stability:** Finding housing and support for dependents.
- **Well-being:** Focusing on improving physical and mental health and building personal and professional networks.
- **Financial management:** Understanding finances such as savings and debts.
- **Education/training:** Building skills for better opportunities.
- **Employment/career management:** Increasing earnings to support the family.

4 Our hub aspires to produce these **Outcomes** for children and families. Stronger families result in robust communities that create a cycle of prosperity.

- Nurturing and stable families
- Educational success
- Social, emotional and physical well-being
- Safe and secure children

5 Through our work and community partnerships, we realize our mission to:

- Develop healthy children
- Create strong families
- Build engaged communities
- Speak and advocate for children

“I feel more confident that I’m able to provide for myself and my children. I can be their role model and show them they can succeed.”

Giving families a brighter future

A few years ago the lives of Dawn and her three children were transformed when they discovered CHSW’s Green River Child Development Center (GRCDC). The center provides critical support to student parents by offering high-quality early learning to their young children.

While Dawn’s children attended GRCDC, she enrolled in Green River Community College to pursue a degree in nursing. Her children improved their cognitive, language, motor and social skills to excel in kindergarten and beyond while Dawn focused on her education and giving her family a strong future.

“I look back at how much we have all accomplished as a family, thanks to CHSW and our determination,” Dawn said.

Dawn found it a challenge at times being a parent, working and going to school.

“CHSW was my saving grace and welcomed my kids with open arms,” said Dawn. “If it wasn’t for their staff, I wouldn’t have moved into the nursing program, applied for my bachelor’s degree or be working toward my dream of being a nurse in a neonatal intensive care unit.”

She and her family feel the lasting effects of the services today. She recently applied for her bachelor’s degree at Pacific Lutheran University and is working as a school nurse in Auburn.

Her 15-year-old son Xavier has ADHD, but through a strong example from his mother, he has learned to advocate for himself and ask for help when he needs it. Sebastian, 8, has earned all As and Bs on his report card and is an advanced reader. Lailah, 13, is an honor student and thrives in her honors English class.

“I feel more confident that I’m able to provide for myself and my children,” added Dawn. “I can be their role model and show them they can succeed.”
