Dear Friends,

It's hard to believe another fiscal year has concluded, and what a year it was! Throughout this newsletter we will share how our new approach to reclaiming and restoring some of Tulsa’s most under-resourced communities is beginning to take shape.

Why is Tulsa Habitat for Humanity making these changes?
Our goal is to help our homeowners currently living on the margins to climb the socioeconomic ladder. With this in mind, we knew we needed to lock arms with other like-minded partners and examine how our piece fits in the puzzle.

Creating a pathway to homeownership is a powerful tool in changing the trajectory of a family’s future, but a home in and of itself is only part of the solution. In order for a new home to truly help stabilize the lives of our homeowners, we need to address the community in which the home is being built.

Low crime rates, good neighborhood schools, access to quality healthcare, area businesses and access to fresh and healthy food are all important components of a thriving neighborhood. We’re excited about the work being done in Kendall-Whittier and are proud to play a part in it.

As you can see, we’ve been very busy, but we are still capable of so much more. Our work at Tulsa Habitat is all possible because of you—our sponsors, supporters and volunteers. Over the next couple of years, we intend to increase the number of families placed in homes to between 40 and 50. We hope you’ll continue partnering with us!

With gratitude,

Cameron Walker
Executive Director
The Carpenters Club is a group of loyal supporters committed to partnering with Tulsa Habitat for Humanity throughout the year by making a monthly contribution. A monthly gift provides a reliable stream of support vital to building homes, communities and hope in Tulsa.

Joining the Carpenters Club is easy. Through credit card billing, Tulsa Habitat for Humanity processes your card each month saving time and money. You’ll also receive an end-of-year, consolidated giving statement. Carpenters Club members will receive many benefits, including behind-the-scenes updates, exclusive deals at the ReStore and invitations to our home dedications ceremonies to celebrate and meet Tulsa Habitat for Humanity homeowners.

To sign up or learn more, contact Krisann Diaz at kdiaz@tulsahabitat.org or 918-592-4224 x 240.

Fundraising goal minimums for free registration: 5K - $100, Half marathon - $250, Marathon - $500, Marathon relay - $1,000
For more information, visit route66marathon.com and click on Charity Challenge.
Our Future Focused

The Kendall-Whittier neighborhood, located between University of Tulsa and downtown, bordered by BNSF Railroad, 11th Street, Harvard and Utica, is the strategic focus for Tulsa Habitat for Humanity. With more than 300 vacant lots and 200 boarded up properties, Kendall-Whittier offers Tulsa Habitat the opportunity to make a measurable impact in a clearly defined geographical area.

The Kendall-Whittier community redevelopment strategy, lead by Growing Together Tulsa, includes public, private and non-profit partners focused on education, economic development, sustainability, infrastructure, job creation and much more. Joining forces with numerous partners all focused on the common mission of redeveloping the Kendall-Whittier neighborhood allows us to focus on building quality and affordable homes.

Since the implementation of the new strategic focus at the beginning of this year, Tulsa Habitat has completed three homes in the Kendall-Whittier neighborhood and has acquired more than 20 lots in the area.

Working in partnership with Tulsa Habitat in Kendall-Whittier:

- Growing Together Tulsa
- The George Kaiser Family Foundation
- The Charles and Lynn Schusterman Foundation
- Tulsa Area United Way
- AmeriCorps
- City of Tulsa
- Community Health Connection
- ImpactTulsa
- Kendall-Whittier Main Street
- Kendall-Whittier Neighborhood Association
- Tulsa Parks
- Tulsa Police Department
- Tulsa Housing Authority
- NeighborWorks America
- Rebuilding Together Tulsa
- Capital Homes
- Vintage Housing
A New Direction

In conjunction with the shift in strategic focus, Tulsa Habitat worked with community partners to create a new home design. The updated design, which features three-bedrooms, two-bathrooms and a one-car garage, models the craftsman style homes in the Kendall-Whittier neighborhood.

A New Direction

“As part of our new strategic focus in the Kendall-Whittier neighborhood, we wanted to make every effort to offer a home design true to the architecture of the area, remain affordable for our homeowners and appreciate in value over time. In close collaboration with the architects at Dewberry & Cyntergy AEC, we achieved all three. Now, all new Tulsa Habitat homes come standard with at least 3 bedrooms, 2 bathrooms and a single car garage.”

- Cameron Walker, Executive Director at Tulsa Habitat

Home Features

Three bedrooms  1,327 square feet living space  Updated cabinet design, built by the Tuesday Morning Miracle Workers
Two full bathrooms  Open floor plan
One Car Garage  New style flooring throughout

To see more interior pictures of the home, visit our website at tulsahabitat.org.

Design Process

“To kick off the project, the design team grabbed our bikes and rode through Kendall-Whittier to get a feel for the area. We wanted the home to seem like it belongs, but feels a bit special at the same time as a way to encourage the neighborhood. It was such a fun project for our team. It’s a really neat feeling to design a home for a family to grow in and create memories. This home is going to be a part of them and we feel excited and proud to be a part of their story.”

- Steve Vogt, Sr. Design Architect at Dewberry

Design Team

The new home design was made possible thanks to the talented professionals at Dewberry, Cyntergy Architects and the Tulsa Habitat for Humanity construction team.

Tulsa Habitat for Humanity

Ed Knell, Director of Construction
Fact: Habitat for Humanity offers homeownership opportunities to families who are unable to obtain conventional home financing. Generally, this includes those whose income is 30 to 50 percent of the area’s median income. Homeowners contribute 300 to 400 hours of “sweat equity” on Homeowners College. Because Habitat homes are built using donations of land, material and labor, mortgage payments are kept affordable. Upon completion of the program, homeowners close on a 0% interest mortgage.

Myth: Habitat for Humanity builds homes in partnership with those in need regardless of race, religion or ethnic group, in keeping with U.S. law and with Habitat’s abiding belief that God’s love extends to everyone. Prospective homeowners must meet three criteria: need for affordable housing; ability to repay the mortgage and a willingness to partner with Habitat.

Myth: Habitat for Humanity is biased when selecting Habitat for Humanity families.

Fact: Habitat builds homes in partnership with those in need regardless of race, religion or ethnic group, in keeping with U.S. law and with Habitat’s abiding belief that God’s love extends to everyone. Prospective homeowners must meet three criteria: need for affordable housing; ability to repay the mortgage and a willingness to partner with Habitat.

Myth: Habitat for Humanity gives away homes to needy people.

Fact: Habitat for Humanity offers homeownership opportunities to families who are unable to obtain conventional home financing. Generally, this includes those whose income is 30 to 50 percent of the area’s median income. Homeowners contribute 300 to 400 hours of “sweat equity” on Homeowners College. Because Habitat homes are built using donations of land, material and labor, mortgage payments are kept affordable. Upon completion of the program, homeowners close on a 0% interest mortgage.

Myth: Habitat homes reduce a neighborhood’s property values.

Fact: Housing studies show affordable housing has no adverse effect on neighborhood property values. In fact, Habitat homes have proven to increase property values and local government tax income.

Donate
Your generosity makes the work of Tulsa Habitat for Humanity possible. You are the key to opening doors and stabilizing the lives of even more families in our community. To see your generosity at work, join us for a facility tour or home dedication. To make a donation or learn more, visit tulsahabitat.org.

Volunteer
Volunteers are the heart and soul of Tulsa Habitat for Humanity. Hundreds of volunteers contribute thousands of hours each year supporting local families as we build homes, communities and hope. Whether you’re an individual, corporate team, community/faith-based group or just a group of friends, there are many different ways for you to volunteer. For more information, visit tulsahabitat.org/volunteer.

Advocate
Be a champion for Tulsa Habitat for Humanity! Be a passionate voice that substandard housing is not acceptable by spreading the word about our work in the community. Tell your friends, family and coworkers about our collective vision for a world where everyone has a quality, affordable place to live. If you’d like to schedule a speaker to talk to a group, contact Todd at tklabenes@tulsahabitat.org.
Becoming A Habitat Homeowner

Completing the Homeowner's College is a required by all of the families accepted into the Habitat program. Essentially, the College is a form of a down payment for the home. A potential homeowner has to complete a total of 302 hours before they become eligible for a new home.
