## Me

As a designer, my fascination with people and the way they interact with my creative mediums fuels my passion to stay fresh and constant – avoiding complacency. As audiences continue to grow and change rapidly around the world, it remains my mission to aid in keeping the world they grow into as exciting and accessible as possible.

## Experience

### Second Story: 2017 - 2018

[www.secondstory.com](http://www.secondstory.com)

Senior Motion Designer

As a part of the SapientRazorfish family under Publicis, Second Story operates as an industry leader for connected environments; building powerful immersive experiences with beautiful design and emerging technology. I work as a motion design lead in their recent New York expansion, focusing on integrating traditional motion design theory with new interactive technology.

### Local Projects: 2016 - 2017

[www.localprojects.com](http://www.localprojects.com)

Senior Motion Designer

Local Projects is a physical design firm based in New York City – specializing heavily in interactive installations, live experiences, and architecture. I work as a design lead for all motion and interactive content; often from the ground up to completion. This process includes UI/UX, design boards, programmatic systems, and toolkitting.

### Magnet Media: 2015 - 2016

[www.magnetmediafilms.com](http://www.magnetmediafilms.com)

Motion Designer

Magnet Media handles primarily web-based advertising and syndicated video content. As a designer/ animator, I work with a small team of fellow designers and junior designers to oversee and execute on a range of content ranging from fully composited 3D over live-action, to 2D motion graphics for web spots.

### LoyalKaspar: 2014 - 2015

[www.loyalkaspar.com](http://www.loyalkaspar.com)

Motion Designer / Editor

Initially brought on to cut footage for mortises and other packaged content for the EPIX movie network. Over the course of 4 months, also worked on design and animation for various networks, such as PBS, as well as experiential concepting for the TNT network.

### Mekanism: 2014

[www.mekanism.com](http://www.mekanism.com)

Motion Designer

Began as an intern, primarily working on Photoshop composites to demonstrate visual strategies for pitches. Renewed contract as an in-house contractor, taking on design boards and animation to show execution for pitches, as well as prototypes for web-based user interface content. Clients included Pepsi – including their Kety Perry Super Bowl 2015 spot, Ben & Jerry's Ice Cream, Starbucks, Ralph Lauren Denim & Supply, and many others.

### Lyda Interactive: 2014

[www.lydainteractive.com](http://www.lydainteractive.com)

Animation / Design Direction Contractor

Designed pitched, and animated branded video content for companies such as PayPal and Verizon. Often including marketing videos and logo content for online campaigns.

### Brand Fever: 2014 - 2016

[www.brandfeverinc.com](http://www.brandfeverinc.com)

Animation / Design Direction Contractor

Animated video and motion graphic content ranging from convention kick-off videos to fully 3D character animations with 2D motion graphics, as well as composited 2D motion graphics.

### The Big Picture: 2011 - 2012

[www.getthebigpicture.com](http://www.getthebigpicture.com)

Contract Video Editor

Edited video content for local television advertisements in the southern GA region, Work included local political ads, industrial equipment infomercials, and farming hardware ads.
