Whiteboard

Established by a group of friends in 2010, Whiteboard has grown to become an international, award-winning digital firm. We founded Whiteboard because we want to do intentional, meaningful work. We want to leave a mark

greater than ourselves. For us, there is no greater calling than to use our talents to empower others to lead their organizations with meaning and purpose.

The Strand Hair Salon

The Strand Salon opened November 2013. We are full of love for Chattanooga and belief that you can be planet friendly while being pampered. For us being green and giving back goes beyond energy efficient light bulbs and being paperless. It means supporting our fellow local

businesses. It means giving you the option to use products that have fewer chemicals and are better for the environment. It also means continuing to find more ways for us to do our part to improve and make our city and our planet better for all of us.
