Note on Utah Liquor Laws

Many folks ask us about the liquor laws in Utah. While these laws may change at any time, here are some important/interesting tidbits regarding the current rules and frequently asked questions.

Utah is a control state. All wine, heavy beer and spirituous liquor is purchased through a state agency (UDABC). We have a "Restaurant Liquor License – full service" meaning we are entitled to serve wine, beer & spirits along with food here at the Desert Bistro.

Wine by the glass may not exceed 5 ounces and cocktails/liquor may not exceed 1 1/2 ounces of primary liquor (no doubles may be poured in restaurants).

Guests are welcome to take any unfinished portion of a bottle of wine with them when they depart.

You are welcome to bring in your own bottle of special wine for \$18/750ml bottle corkage fee. We waive this fee if you purchase a bottle from the restaurant.
