

“Accept what life offers you
and try to drink from every
cup. All wines should be tasted;
some should only be sipped,
but with others,
drink the whole bottle.”

— **Paulo Coelho, Brida**

A Note about our Wine & Spirits List and Utah Liquor Laws

Thank you for joining us this evening.

Desert Bistro boasts one of the most diverse wine lists in Southern Utah.

This is no easy feat!

Whether you are a connoisseur, just learning and interested in cultivating a taste for wine, or just dabbling, don't be shy about what to order or asking questions. Wine making is a beautiful art form to be enjoyed in your own way and we're happy to help you navigate the menu to find just the right thing.

The Connoisseur may note that we do not always list vintages. This is a different approach than a traditional wine list and it is with good reason!

Utah is what is considered a “Control State”. This means all wine / liquor and heavy beer purchases must be purchased directly through the state and state owned / operated liquor stores and are subject to whatever inventories they may have. We frequently receive varying vintages with no notice.

Your host or your server will be happy to inform you of what vintages we have available for you to choose from.

Due to Utah's Control state status, it is illegal for us to offer or provide "tasters". Though wine by the glass may be purchased by the ½ glass (2.5 oz) for ½ the price of a regular glass.

If you do not finish your bottle of wine during your meal, we will be happy to re-cork and bag the bottle so you may take it with you.

Desert Bistro also boasts a full bar and you will find a great list of spirits and cocktails in the back pages of this menu.

Utah liquor laws allow for a 1.5 oz pour of primary liquor and 0.5 oz of flavoring per mixed drink.
