## CLEAR YOUR GEAR FACT SHEET: OUTREACH AND EDUCATION

### Recycling Stations

- More than 20 recycling stations are located on Sanibel Island and the Sanibel Causeway; these stations are in high-traffic fishing areas and identified with Clear Your Gear signage and information

### Public Outreach and Education

- Educational resources available at [www.ClearYourGear.org](http://www.ClearYourGear.org) include: How to avoid hooking a bird and how to unhook a bird
- Monofilament recycling bins strategically located around popular fishing locations on Sanibel and Captiva Island to reduce the amount of harmful fishing products in the environment
  - Recycling Center Locations: [www.ClearYourGear.org/Recycling-Stations](http://www.ClearYourGear.org/Recycling-Stations)
- Educational videos can be viewed at [www.ClearYourGear.org](http://www.ClearYourGear.org)
- Social media presence designed to create awareness about the movement

## Clear Your Gear | 2

- Volunteer efforts, such as kayak excursions, to clean up monofilament, hooks and miscellaneous fishing gear left behind
