Senior Designer/Project Manager

Part time / full time (negotiable)

Our expanding business has a new role for a Senior Interior Designer/Project Manager. We have the opportunity to design and build a vast range of alterations and additions primarily throughout the Eastern Suburbs and we need a creative, sophisticated, organised and driven person to join our team.

You will get the opportunity to design interiors for our in house architect and manage them through from concept to completion. You will be the sole designer in our practice – so you would need to thrive on independence and be able to make autonomous decisions.

Key roles and responsibilities

Designing residential interiors including CAD drawings

Meetings with potential clients to engage work

Managing the Instagram and social media profile of the business

Securing orders and prices on interior items for builds

Obtaining documentation for Construction Certificates and Occupation Certificates

Site inspections to ensure your work is being built as specified

Your role

We are looking for a Senior designer over 5 years of experience in interiors who can take control of major projects. The role involves dealing directly with the clients to make their renovation dreams become their reality.

You will work directly with our company director, our in house architect and our building team, Profile Property Group.

Yours expertise and Skills

Leadership, creativity and attention to detail 5 years' experience working in residential interiors primarily in Australia

A qualification in Interior Design or Architecture AutoCAD or ArchiCAD experience

Experience preparing and delivering client presentations

Please forward your CV and a cover letter to jen@modify.com.au by 30 January. We look forward to discussing this opportunity with you.
