

TRACK DESCRIPTION

Jesus didn't just make disciples. He made disciple makers.
Jesus didn't pursue addition. He intended toward multiplication.

In order to build a Gospel-saturated community, we must learn to make disciples that follow Jesus, are being changed by Jesus, and are committed to the mission of Jesus. Making disciples who make disciples is something that should not be left to chance but be the heartbeat of who we are. By going back to the basics of Jesus' ministry, we will focus on creating healthy disciple-making rhythms in your life and ministry.

DEVELOPMENT OUTCOMES

1. Define disciple making in the context of whole-heart transformation
2. Assess the means for making disciples in your local church
3. Practice healthy discipleship in relationship
4. Design an intentional plan for disciple making in your church
5. Implement the beginnings of your plan with a leader/team
