

The Uniqa General Agency Christian Pieler GmbH was taken over in 2015 by Christian Pieler, which was founded in the 1980s by Mr. Steiner. He was active in the insurance business since 1955.

The current location in the 13th district was designed to be customer-friendly. With us, the human being has priority. It was built so that our office is accessible to everyone. Whether families with children or handicapped people.

Our customer base includes numerous English-speaking customers. We want to expand this clientele and therefore we look forward to a cooperation with the AWA community.

The managing director Christian Pieler and business partner Thorsten Obwurzer are both fathers of 2 children. Both have been active in the insurance business for over 20 years and due to their many years of experience, they are able to respond to special customer requests.

Christian Pieler and Thorsten Obwurzer would be very happy about a lively exchange of experiences.

We are at your disposal for any kind of questions.
