Medicine:

We will not administer any sort of pain reliever medicine unless you have specifically approved us to do so in advance. If there is medicine that is taken regularly, please notify a GSM staff member before we leave so we can assist your student throughout the week.

Helping your student prepare for the week:

It is important to understand your role while your student prepares to travel with us. You can be a great influence in helping your student have the best experience possible!

- We ask that you pray with your student daily in these days leading up to camp. Ask God to move in your student's life, and pray that the heart of your student would be tender to the things that God plans to teach them.
- Have the attitude: No News is Good News. It is difficult for a student to focus on what God is doing in their life if they are constantly connected to their phone and calling home. If you feel like you need to have your student contact you, please keep it to a minimum. If an emergency situation arises, you will be contacted immediately with details. As we are traveling you can see updates on our social media.
- Always check your student's luggage. You should be aware of the materials that they are bringing.
- Help your student understand the goal. As you are planning to send them off, talk with them about the purpose of the trip. Help them see different ways to prepare their hearts for what is ahead.
- Instruct your student to have Christ-like behavior. It is never our desire to have to send a student home prematurely. However, if there is distraction to the other students attending, then sending a student home is the course of action we must take. Please go through the guidelines with your student so that they will be prepared.
- **PRAY FOR THEM WHILE THEY ARE AWAY!** We encourage you to spend time in family prayer throughout the duration of the trip.
