

**GBD Recommendations for the 22<sup>nd</sup> Street Green Connection**

23 March, 2016

**Presented to GBD General Board Members:** Jean Bogiages, Jesse Herzog, Michael Yarne, Susan Eslick, Adam Mendelson, Alison Sullivan, Michele Davis, James Naylor, Janet Carpinelli, Kat Sawyer, Lisa Jacobs, Phillip Pierce, Robert Broucuret, Jonathan Goldberg

The Green Benefits District would like to make the following recommendations to Public Works regarding the 22<sup>nd</sup> Street Green Connection:

1. Move the Bus Stops on to the bridge.
2. Move the Bulb Out planned on the South side 22<sup>nd</sup> and 3<sup>rd</sup> to the East side of the same corner, allowing for a right turn from 22<sup>nd</sup> onto 3<sup>rd</sup>, on red.
3. Add a Passenger Loading Zone on the SE corner of Iowa and 22<sup>nd</sup> and a cross-walk across 22<sup>nd</sup> Street at Iowa.
4. Re-locate the bench planned on the NW corner of 22<sup>nd</sup> and 3<sup>rd</sup>. The location of the bench in front of a bar will be a magnet for cigarette butts.
5. We would like Public Works to seek GBD consent when making final design plans that will require GBD maintenance in the future: Tree selection, understory plant selections, lighting and light post selection, use of Green Fuzz, bench selection and location.

The GBD would like to recommend adding a Bikeshare stall, or at least designate a space for one when the program extends into Dist. 10. But before this is an official recommendation, we would like to hear comments from Chema Hernandez regarding safety and collision history.

Pending approval, the GBD will send a letter to Public Works, stating our official recommendations for the 22<sup>nd</sup> Street Green Connection.
