

Dear Friends,

It was worth the wait... summer. The word "spectacular" for wildflowers doesn't touch the breathtaking beauty and bounty of color that appeared this year. The aspens, so lush and bright green, just revealed in the late spring snows and early June rains. What a performance by Mother Nature! Hard to believe summer has gone so fast... willows already turning gold... and fall is on the way.

Ahhh, but we're here to talk about winter, too... that quiet season. As the air subtly shifts in temperature and the sun dips to the south, we know the next seasons are coming... the deep richness of fall, and the season of "white water" - snow. In this new look of a newsletter, we invite you to stay with us at Sorensen's Resort, our Hope Valley home of nearly 30 years. A corner of the world that so many of you call "home" throughout the year, as well. So take a moment to reflect upon the turning of the seasons and the full meaning of John Muir's words that truly fit his Sierra, and ours - "Take a course in good water and air; and in the eternal youth of Nature you may renew your own."

See you in the mountains!

Warmly,

PREHISTORIC MOUNTAIN SPRING WATER

Fill up your Nalgene or Sigg bottles and take a bit of our "prehistoric" water home with you! The water we enjoy here at Sorensen's is true mountain spring water from deep below the Alps of California; it doesn't see the light of day until it hits your glass!

SO FRESH AND SO CLEAN!

Sorensen's is proud to be participating in the Clean the World program! The organization collects used soaps and shampoos from the hospitality industry and redistributes them to impoverished people worldwide, helping to prevent millions of hygiene-related deaths and illnesses every day. cleantheworld.org

Sorensen's is pleased to offer the BeeKind Collection of soaps and shampoos from Gilchrist & Soames. Kind words from our guests...

"Staying at your charming resort made for a unique, very special birthday this year. It was apparent that your staff truly understands and exemplifies the hospitality industry at its finest. The food was fabulous, the recreation options abundant and every part of my stay was enjoyable. I discovered Sorensen's at Galen Rowell's Mountain Light gallery in Bishop. Thanks to all of you! I'll be back again and again!"

—Piñon Guest

"Amazing set up; truly breathtaking everyday."

—Dougfir Guest

"It's your incredible combo of architecture and landscape that impressed us. Not the over planned architecture of the city, but the natural, rustic qualities of what is native—what is necessary—and a lack of what isn't needed. Perfect place to go...we are tempted to keep it to ourselves."

—Snowshoe Thompson Guest

"Loved the overall appearance and charm of the resort. Staff is friendly, helpful with strong esprit de corps! It was charming, delightful and fabulous."

—Dancehall Guest

"It's always easy to cultivate a grateful heart at Sorensen's."

—Dougfir Guest

"Cabins are private, very clean, well equipped, cozy. Employees are very friendly and capable. Peace and quiet in a nice log cabin. Hope Valley has so much beauty and activities. Outstanding!"
