

PRAGUE-NEW YORK EFFECTS: FIFTH EFFECT

ARTIST BIO: [PETR BAKLA](#)

Petr Bakla is a composer born and based in Prague. He is devoted to the creation of notated music for acoustic instruments, from solo to orchestra. In his compositions, he is interested in constructing situations and structural contexts in which puristic musical elements can acquire an unusual expressiveness and energy. A frequent feature of Bakla's music is the simultaneous course of two or more sound layers whose interaction produces a characteristic tension.
