Director of Quality Improvement Health Hill Hospital for Children

Hobbies:
Photography (focus on time lapse, nature, HDR, and astrophotography)
Text mining
Restoring and listening to vintage records

How long have you lived in Forest Hill? Why did you move here?

My wife and I moved here six years ago it will be seven in August. We moved here for several reasons. First, we always loved Eleanor Shankland's house and when it came on the market, we had to have it. The house is a fantastic summer home. It was also really close to my wife's parents who lived on Burlington. I was impressed by the kindness, support, and activities held on their street.

Why do you want to be a trustee?

Being retired, I have the time and opportunity to get more involved in our community. I believe that my background, experiences, and skills would be a great asset to Forest Hill.

What will be your neighborhood focus as a trustee?

I'm a data guy. I have experience in statistics, surveys, benchmarking, quality improvement, and organizational learning. I hope that I would be able to leverage these skills to discover, explore, and resolve our issues and build on our strengths. I would like to work toward a community consensus on our strengths and weaknesses and develop a well thought out plan for our future.
