

## Photo/Media Consent Form

Pictures are frequently taken at First Environments for parents to view on password-protected web accounts (e.g. Shutterfly, Flickr, Snapfish, etc.), the FEELC website, the FEELC newsletter, the lobby monitor, or for presentations about the school. In order for your child's photograph to be posted on any of these mediums, we ask for your permission. *Please fill out the following table to summarize your permissions, sign the form, and submit it to a FEELC Administrative staff member for inclusion in your child's records. If permissions are the same for ALL children within one family, you may enter each child's name below. Otherwise, separate Photo/Media Consent forms should be completed for each child.*
