

# EASTSIDE DISTILLING

PORTLAND OREGON

*Eastside's Burnside 'Oregon Oaked' Bourbon Wins a Double Gold Medal and Barrel Hitch 'Oregon Oak' American Whiskey Wins Silver*

We are proud to announce our winning of two more awards to add to our growing list! We recently participated in The New York World Wine & Spirits Competition which is regarded as among the "Triple Crown" of wine and spirits competitions where judges include top food and beverage buyers, US Bartenders Guild mixologists, educators, beverage directors, columnists, writers, sommeliers and chefs.

Our Burnside Oregon Oaked Bourbon walked away with a "Double Gold", the highest award a spirit can receive. Our Barrel Hitch Oregon Oak American Whiskey followed up with an impressive silver medal as well. We are very proud of our entire team and our Master Distiller Mel Heim's continuous pursuit of excellence. We asked her how it feels to win these medals and she had this to say:

"It is both humbling and an honor to participate and medal at any competition; but this one, especially with its top pedigreed panel and highly regarded reputation in the industry, is a big win, of which we are all very proud. Both whiskeys are unique to their categories and in our opinion each award is a validation of the work we do to create masterfully crafted spirits."

We look forward to continuing to add more medals to our collection and couldn't do it without our Eastside fans!
