MAIN SALON

Built to the exacting standards of her experienced owners, **Big City** represents a superior level of customized luxury. The warm cherry wood paneling is accented with insets of crotch mahogany on the doors and madrona burl on the cabinetry and bed frames. Generous use of exquisite granite and stonework adds the finishing touch.

The theme of graceful, sophisticated living is immediately apparent upon entering the stylish main salon.

The formal dining salon is positioned forward of the sizable credenza which separates the two areas. The large sliding glass doors to the aft deck can be opened to provide a spacious entertainment area serviced by the convenient wet bar located aft of the salon.

The attractive skylounge with its unique copper colored, embossed leather wall forward and matching bar seating is a popular area for watching a favorite movie or sports game on the 65 inch HDTV with surround sound.
