

54 countries
1.2 billion people
11.7 million square miles
1,500 languages

There are:

- 867 Unreached people groups
- 230 million people
- No viable witness
- Entrenched in spiritual darkness

“Spirit-filled, biblically trained leaders are the hope of Africa.”

- 352 Bible schools and extension centers throughout Africa
- 14,000-15,000 pastors trained every year and released to plant churches
- Discovery Series – diploma-level curriculum
- Written specifically for the African ministry context (in their own “heart language”) – 38 titles
- 90% of all men and women will not have access to higher education for more than 2 years

Access to training is the issue!

- Our goal is to facilitate highly mobile training schools. This is where the greatest growth has been. They have to constantly be moving to evade persecution, capture, torture (by El Shabaab, Boko Haram, etc.). But they need access to materials. Transportable...compact...portable...

Tablets allow for 38 diploma-level courses, 900+ title resource library (for training past 2 years)...

This is front line engagement with missions. There is no better way to exponentially advance the gospel and reach the lost than training and preparing those who can go to the dark places where there is no witness. There are *thousands* of Africans who are ready to go, ready to die for the gospel...but they want/need training first so they can be effective.
