What is your Maker Identity?

Mending as an act of making.

What are you making?

Why?

In my family

In my past

In my culture

In my community

The stories that objects tell

Once upon a time...

I found a ___

I assembled a ___

It held magical powers

Who stirred the pot?

Who turned the soil?

What did you make? What did you collect?

What did you use? What did you discard?

What was made by the people before you?

What is the lineage of your making?

What is the story of your ancestors journey?

If your ancestors were settlers, upon whose land did they stand?

Upon whose land do you stand?
