

# Papua New Guinea

## Dr Paula Zzferio helps mothers give birth at Port Moresby General Hospital.

The birthrate has tripled in 20 years but Dr Paula says they haven't had any increase in resources for the country's busiest maternity ward. Pregnant women in Papua New Guinea face a wide range of challenges from poverty to access to services. This photo story looks at the health care workers like Dr Paula who are trying to help mothers have healthy babies in tough conditions.
