

# The DCI Building Service Company Profile

## Company Overview

DCI Building Services Pty Limited is a building design practice offering a range of services in design orientated disciplines. The practice provides a diversity of services to our Clients, including Project Builders, Individual Clients and Developers.

Remaining an intimate practice is central to the philosophy of the office and the personal involvement of the principal on projects ensures the most comprehensive translation of our Clients needs into the completed project. The success of our practice lies in identifying innovative and appropriate solutions particular to each design.

## Principal

**Michael Mettes** Ass.Dip. App. Sic. (Arch. Draft.) MBDAV Cert. Tech. (Bldg. Surveying) FAIBS

Michael commenced his career in 1981 and since that time has been involved in many facets within the building industry profession including running his own building company, and is also currently a practising Private Building Surveyor. Michael has also been involved in teaching of architectural design at Holmesglen TAFE as well as being an active member building design community, including past executive member of the Building Designers Association of Victoria and past Chairman of the Professional Drafting and Design Group and is a Fellow of the Australian Institute of Building Surveyors. He currently produces practice notes for the Building Designers Association of Victoria as well as for the Australian Institute of Building Surveyors.
