A maternal near miss is an event where a woman nearly dies due to pregnancy or childbirth related complications. The events are often unexpected and may leave the survivor isolated and alone.

A near miss is a trauma that may likely affect how a person responds to future pregnancies, labor and delivery experiences.

PSI State Chapters

• Most chapters operate under the fiscal sponsorship of PSI to further PSI’s mission on a statewide level.
• Raise awareness and funds for your own state through the Climb Out of the Darkness.
• Bring PSI trainings to your community.
• Scholarships for PSI training events.
• Contact chapters@postpartum.net to learn about starting a chapter in your state or to be connected to your state’s existing chapter.
Climb Out of the Darkness®
www.postpartum.net/join-us/climbout/

The world’s largest international event raising awareness of perinatal mental illness.

- Hosted throughout the year, between January and October.
- Raised $200,000 in 2018. Of that, $151,000 stayed in state chapters.
- “Climb Leaders” plan and coordinate each local event.
- “Climb Team” is the name of the local event.
- Money can fund local community projects (pending approval).
- Survivors, providers, friends, and family participate
- Climbers who raise $100 earn a t-shirt.
- Peer to peer connections.
- Become a light to help guide others out of the darkness.

CHAT WITH AN EXPERT

Becoming a new parent is often filled with many questions. We are here to help with the ones revolving around mental health. Call our weekly chat, led by a licensed mental health professional.

What kind of questions can I ask?
• I’m not sure if I need help. How do I know?
• I’m not depressed, I’m anxious. Where do I turn for help?
• Why am I angry all the time?
• How do I find a counselor?
• What will my first therapy appointment be like?
• I don’t have any insurance. Is there help for me?
• I can’t sleep. What can I do?
• How do I know if medication is safe to take while I’m pregnant or breastfeeding?

EVERY WEDNESDAY - MOMS
FIRST MONDAY - DADS

Chat Number: 800.944.8766

Smart Patients Forum

- Online health forum for medical and mental health challenges
- PSI staff moderates the PMAD forum
- Can be anonymous
- www.smartpatients.com/ppd

Postpartum Support International (PSI) is proud to partner with Smart Patients to offer this online community, where women can receive peer support in a private space where they can feel comfortable sharing openly. The Smart Patients Postpartum community complements the programs of PSI to provide the information and comfort to pregnant and new mothers suffering from perinatal mood and anxiety disorders like postpartum depression, postpartum anxiety, postpartum PTSD, postpartum psychosis and depression and anxiety during pregnancy.

One of PSI's main goals is to make mothers and families aware that effective help is available, that they can get better, and that PSI can help them find knowledgeable providers who understand how to treat PPD.

Join Smart Patients, ask a question, participate in the discussions and support others who can learn from you.

Learn from other patients. Patients often become extraordinarily knowledgeable about their disease. You can, too.
Resources for Providers
Frontline Provider Training

- For Frontline Providers — Obstetricians/Gynecologists, Family Practice Physicians, Internists, Nurse Practitioners, Midwives, Physician’s Assistants, Nurses

- The CME training, provided by PSI experts, is designed to equip frontline providers with the skills necessary to assess patients for perinatal mental health complications and, as appropriate, provide treatment or connect individuals with additional resources and care.

- Available as either a single-day, onsite, 6-hour course or via two 2-hour-long on demand recorded webinars.

- Continuing Education Credits: CMEs, CNEs

As many as 1 in 7 moms (1 in 10 dads) experience symptoms of depression and anxiety during the postpartum period. People of every age, income level, race and culture can develop Perinatal Mood and Anxiety Disorders (PMADs) during pregnancy and within the first year after delivery. This tool can help track your symptoms and discuss them with your healthcare provider. Being your own advocate is okay and you deserve to be well. Download or bring our discussion tool to your provider.
