Immersion Swaddle Bathing
Transform bathing to a positive experience

Benefits of Immersion Swaddle bathing:

- Minimize temperature loss\textsuperscript{1-3}
- Decreases crying\textsuperscript{1,3}
- Reduces physical and behavioral stress\textsuperscript{2,4-6}
- Supports family centered care\textsuperscript{6,7,10}
- Enhances ability to feed after bath\textsuperscript{6,10}
- Evidence-Based Practice\textsuperscript{1-6,8-10}

Swaddle bathing with the TurtleTub complements delayed bathing and minimizes adverse clinical outcomes associated with traditional bathing methods. After participating in hospital bathing, parents can continue to swaddle bathe at home. Preterm infants, full-term infants, and infants with NAS all benefit from immersion swaddle bathing. In addition, the TurtleTub is a strong parent pleaser, providing a marketing advantage for your hospital.
