

#Webinar Wednesday

Brought to you by shecco, the global experts in natural refrigerant news, industry analysis and events, #WebinarWednesday is a new webinar series showcasing the latest advances in natural refrigerant trends and technologies.

Content

An interactive digital platform, giving you access to a global audience of end-users, industry decision-makers and regulators.

- # Your content and executives paired with our expert moderators = flawless execution
- # We have partnered with Zoom! an industry-leading software platform that can accommodate up to 3,000 participants
- # Interactive polling, Q&A, recording and on-demand playback
- # Multiple formats are possible, including 1x1 interviews, PowerPoint presentations and panel discussions

Distribution

Our global network of over 50,000 is waiting to hear what you have to say, and we can help you build a lasting relationship.

- # Promotion on our social media platforms (Twitter/LinkedIn/Facebook) to 30,000 people, as well as direct email to our global network of over 50,000
- # Receive list of webinar participants and on-demand viewers
- # Receive analytics from instant polling during the webinar, follow-up surveys, and email views
