KOHLER. Choose Well. Live Well

November 2015

Dear Associate,

The past year we introduced the first phase of our reimagined Choose Well...Live Well program to strengthen our commitment to the health and well-being of our associates and their spouses. To date the program has included our partnership with HealthMD Health Services, the opportunity to earn Choose Well credits for 2015 and the 10,000 Steps Challenge. Welcome to the program that has taken shape. Overall, 70 percent of associates earned Choose Well credits by completing an online Health Assessment, 35 percent of those who completed the Health Assessment talked with a HealthMD health coach, and more than 1,000 individuals participated in the 10,000 Steps Challenge.

As we continue our progression to an outcomes-based approach to health and wellness, what excites us is your participation in healthy activities or achieving healthy outcomes, the incentive structure of the Choose Well...Live Well program is expanding in 2016. You'll continue to get quality health care coverage, plan choices and broad access to providers, and Kohler Co. will continue to pay the majority of your plan cost. The primary changes you'll notice are:

- The requirements to earn Choose Well credits have changed. Last year you needed to complete the Health Assessment to earn your Choose Well credits. In 2016, you'll need to complete a health screening, in addition to the Health Assessment, to earn up to \$250 Choose Well credits for \$200 of your plan cost.
- If you enroll in a Kohler medical plan, your participation in the health screening and Health Assessment in 2016 will automatically qualify you for a discount on your medical plan contribution rate for 2017.

The associated provider policies created information regarding the Choose Well...Live Well incentive program and key actions to take in 2016, as well as a glimpse at how the program will evolve in 2017 and 2018. It's important for you to carefully review the program details to ensure you take full advantage of the opportunities to focus on your health and well-being and maximize your incentives. If you are married, be sure to share this information with your spouse.

You will receive another important mailing within the next few weeks - your open enrollment materials, including instructions for completing the enrollment process. Open enrollment for 2016 benefit elections will run from November 9 to November 30, 2015.

Please join me in embracing wellness.
