John Lively
Pam Marsh
Jeff Reardon

BRONZE

Brian Clem
Brad Witt

HONORABLE MENTION

John Huffman
Bill Kennemer
Caddy McKeown
Andy Olson
Greg Smith

The Oregon AFL-CIO is proud to be a voice for all workers in the Oregon Legislature. We represent over 300,000 working Oregonians and over 290 affiliated local unions. The 2017 legislative session had some major wins and losses for workers across the state. This scorecard reflects not only the Oregon AFL-CIO's board adopted agenda, but those bills that our affiliates deemed priorities. We take into account not only votes on bills, but legislators' actions that helped or hindered each of the bills we count, and when legislators are willing to stand up for workers outside of the legislative process, whether they are supporting workers who are forming unions, standing up for workers during a contract fight or showing solidarity on a picket line.

This year we chose to recognize legislators with three different awards. *Legislator of the Year* is given to the legislator who consistently stands up for workers as they take hard votes, is accessible, is willing to stand up for workers in tough conversations, and is always a voice that enables working people to have a say in the legislative process. *Union Defender* goes to the legislator who always stands up for collective bargaining and inherently understands the right for workers to collectively negotiate for better workplace and community standards. *Rookie of the Year* goes to an outstanding first term legislator who was not only willing to work with the breadth of the federation, but also consistently embodies the values of the labor movement.

OREGON AFL-CIO BOARD ADOPTED AGENDA WINS

- **SB 1040: The Rural Oregon Worker Protection Act**
Protected workers against so called "Right to Work" attacks at the local level
- **HB 828: Fair Work Week**
Ensured scheduling protections for workers in the retail, hospitality and service sectors
- **HB 2017: The Transportation Package**
Funded the largest investment in statewide infrastructure in Oregon History
- **HB 3391: Reproductive Health Equity**
Extended the full range of reproductive healthcare to all women regardless of income or documentation status
- **HB 2355: End Profiling**
Created and funded a mechanism for tracking and correcting patterns of profiling by law enforcement
- **HB 558: Cover all Kids**
Extended healthcare access to all low-income children regardless of documentation status
- **Defended Against PERS Attacks**

UNFINISHED BUSINESS

- **Revenue**
The failure to raise revenue leaves hundreds of thousands of working Oregonians unsure about our state's ability to fund vital services and with an ongoing need to restructure our tax system that still allows corporations to pay some of the lowest tax rates of any state.
- **Paid Family Leave**
- **Renter Protections**

The Oregon AFL-CIO looks forward to working with our affiliates and allies to ensure working people's issues and voices are heard during the 2018 Legislative Session. If you have questions about the scorecard process, or our priorities for future sessions please reach out to Jess Giannettino Villatoro at Jess@oraflcio.org.
