

## **FIRELANCE**

### **Configuration: Standard Model**

Firelance Standard Model:	20m 25mm/1inch hose fitted with couplings, 1x4m pipe, 1x3m pipe, 1x2m pipe, 1x1 <sup>st</sup> /2 <sup>nd</sup> story module, 1 lance head, 1 handle and 1 valve.
Operating Pressure:	10 Bar for optimal results. Will function at lower pressure, but its effectiveness will decrease as the water throw length and liters per minute is reduced.
Hose:	Default hose is 25mm/1inch for ease of movement. This can be changed according to clients specifications and the desired couplings will be provided.
Hose options:	Specialized hoses for additional uses of Firelance can be provided: <ul style="list-style-type: none"><li>- Hose capable of withstanding 940 Celsius open flame for 1 hour.</li></ul>
Modular Set-up:	Firelance is modular and the pipes can be fitted to each other to achieve the desired length of pipe for a given operation.
Weight: (approx.)	Lance head – 1.5kg, Handle – 1.4kg, 4m pipe – 3.65kg, 3m pipe – 2.9kg, 2m pipe – 2kg, 1 <sup>st</sup> /2 <sup>nd</sup> story module – 1.92kg, Valve – 0.95kg.
