

WCBCS Testimonial & Authorization Form

#1

Thank you for sharing the story of your experience with West Coast Bible College & Seminary. Please let others know how your life and ministry has been impact by West Coast. Thank you!

My time taking courses through West Coast Bible College and Seminary was extremely key in forming my view of ministry. After completing a Bachelor of Worship Arts and a Master of Religious Education degree through WCBCS, I feel like I have been given a well-rounded education. The courses through WCBCS have also laid the foundation for me as I continue to pursue higher education. After the education I received from WCBCS, I enrolled in a master level program at Luther Rice College and Seminary, and all my credits from West Coast Bible College and Seminary transferred into the master program I enrolled in. I believe this speaks volumes on both the credibility, and quality of education offered at WCBCS, since Luther Rice College and Seminary is an institution that is accredited by two accreditation institutes (ABHE, and TRACS) that are recognized by the U.S. Department of Education. West Coast Bible College and Seminary has played a vital role in me achieving my educational goals, and I would highly recommend West Coast Bible College and Seminary.

I give West Coast Bible College & Seminary the authorization to use my testimonial in any way them deem appropriate in further the mission of the college. If you agree, please type your full name which will constitute a legal signature. Jeffrey Hohn
