V. NEW BUSINESS
   a. S-103-4 relating to Bicycle Policy Reform by Mr. Lucci of Lyle.
      1. Students not allowed to have bikes inside their dorms, even over Christmas break. Bike thefts spike in January when students come back from break. This allows for students to put bikes in their rooms. Another portion aims to put in bicycle lanes. The third solution asks to put in new bike racks up at Fondren Science.

   2. GAO Potter: Friendlies
      i. Last paragraph second page, University Park
      ii. Put more emphasis on bike racks vs. bike lanes I don’t think that would be successful.

   3. Chair Cox: Can we encourage students to invest in locks, maybe a way we can inform students to correctly lock their bikes?

   4. Senator Samuel: Have you talked to RLSH about bikes in dorms?
      i. I have gotten a lot of we'll look into it but not a lot of follow up.
      ii. Follow up: Are you aware that commons council would be a good resource?

   5. Senator Catlin: Can we look into putting a sign on the bike racks showing how to inform students?

   6. I am asking for an amendment to be made for students to keep their bikes in the dorms during break, a designated area or space for them not necessarily their rooms.

   7. Chair Hermeling: Are you aware you could potentially get funding through the Assembly for this?

   8. Chief of Staff Reppond: Have you thought of reforming this legislation to emphasize bike racks and bike safety from bike lanes, because that venture maybe be bigger than the scope of the legislation?
      i. Follow up: With broad legislation there is not a lot of follow through, the more specific the more the chance of success. If you focus efforts we have a better success rate.

   9. Senator Worley: Do you know how big the bike lanes would be?
      i. Something like 3 feet.
      ii. Follow up: Would they go both ways?
(1) That would be up to the university architect.

10. Senator McLaughlin: Do you know what the average total cost of this project be?

11. Chair Silensky: Have you talked to constituents about their safety?
   i. Yes that is where every issue in this has come from. Specifically Airline and the Boulevard were areas of concern.
