OUR DREAM: SHARED RESPONSIBILITY

All of us have a role in making our community a better place to live...

DREAM was founded by a small group of visionary Partners that believed the only way to lift our neighbours out of poverty and make our community a better place to live was through quality education. Since 2002, these Partners have served as the backbone of our local support and helped DREAM educate more than 8,000 youth in 27 communities, affecting the lives of over 10,000 community members. The majority of families in our region have had a child participate in a DREAM program and our shared success has made us a model for the entire country.

Shared Responsibility is our inclusive program which gives all local businesses a role in improving our community, our economy, our safety and in turn, our lives. You can share your responsibility with a financial donation. Funds not being available, consider donating your talents, available time or your commercial products and services.

Many DREAMs, One Community, Shared Responsibility.
