## **ACQUISITION OF ENVIRODATA SOLUTIONS, INC.**

*Helping You Work Smarter*

Arvada, Colorado – April 24, 2018 – Aquionix, Inc., a leading environmental, health and safety consulting and software company, has purchased EnviroData Solutions, Inc., creator of the Environmental Data Management Systems software solution (EDMS).

By acquiring EnviroData Solutions, Aquionix expands the scope of its existing cloud-based software solution, Ecesis, to include a comprehensive suite of water, waste, soil, air quality, and biological data management tools. By merging these two powerful software solutions, Aquionix is able to provide a comprehensive suite of tools to help environmental, health and safety professionals efficiently manage day-to-day duties, minimize risk and maintain compliance. For more information on Ecesis please visit [www.ecesis.net](http://www.ecesis.net).

Aquionix, Inc. (Aquionix) is a full-service environmental, health and safety consulting and field services company that provides client-focused solutions to meet compliance and regulatory obligations. Aquionix was founded in Denver, Colorado in 1998 and has grown to provide services throughout the United States and abroad.
