DIRECTIONS BY NUMBERS

You can find our hostel easily if you follow these directions. It is likely you will start at one of the main points which have photos and numbers...

From 1. – 2. – 3.

The Koutoubia Mosque is where you can sometimes be dropped from a taxi and is where the airport shuttle stops for Place D'Jeema el Fna. You will see a pedestrian cobbled street lined with horses and carriages. Walk down it – you will end up in the square.

From 3. – 4.

Walk across and right through the middle of the square – there are many small orange juice stands. You will find a giant café called Café de France (it has a large sign). A taxi may drop you here (they are not always allowed in the square)

From 4. – 5. – 6.

You are facing Café de France. The street next to it on the left is called Rue des Banques – there is a small newspaper stand on the corner. Walk up this street – you will see a perfume boutique on the corner. At this point the road bears right and turns into Riad Rue Ziotoun el Jdid.

From 5. – 6. – 7.

Walk up this street – it is full of colourful boutiques. You will walk through the first of 2 archways (5.) Continue straight on until you reach a second archway (6.) You will see a bureau de change on the left. Our street (Derb Zinka Dika) is the the 1st small street on the

right. Bend to the left, and continue straight on – We are No. 40. Ring the big white doorbell and WELCOME! You have arrived! Drink tea and relax.
