About Us
The League of Women Voters is a grassroots organization that envisions a democracy where every person has the desire, the right, the knowledge and the confidence to participate. We encourage informed and active participation in government, work to increase understanding of major public policy issues, and influence public policy through education and advocacy. We believe in the power of women to create a more perfect democracy.

The League is proud to be nonpartisan, neither supporting nor opposing candidates or political parties at any level of government, but always working on vital issues of concern to members and the public.

Centennials
The 2019-2020 year has been marked by a series of 100th anniversary celebrations: the passage of the 19th Amendment, the founding of the League of Women Voters, and the founding of the League of Women Voters of the District of Columbia. LWVDC decided to focus our active programming on celebrating our own centennial but provided connection points to many local events in DC celebrating Suffrage. This included docent tours at special exhibits at the National Portrait Gallery, Library of Congress, and National Archives. Some LWVDC Board members were invited to attend a gala in celebration of suffrage at the National Archives, where Cokie Roberts and Nancy Pelosi spoke.
**Voter Services**

**Voter Registration**
Voter registration remains a core component of LWVDC efforts to educate, engage, and empower citizens. Naturalization Ceremonies continue to be a source of new citizens as well as a favorite event among volunteers. We also thought about how to maximize our Get Out the Vote (GOTV) efforts in conjunction with voter registration. Throughout the year, we registered over 2,000 voters!

**Registration Events**
We attended many events throughout the year to share Vote411 information and encourage voter registration. This included: Library of Congress’ Women Fight for the Vote Community Day, NBC Telemundo Health Fair, 6th & I and Turner Memorial AME Social Justice Fair, 801 East Men’s Shelter, and Union Kitchen.

**Naturalization Ceremonies**
LWVDC continued its support of registering new citizens following monthly Naturalization Ceremonies. Across the monthly ceremonies, we encouraged citizens to register and exercise their new rights to vote as citizens. We registered 1,342 new citizens this year. A corps of 20 League members supported this effort year round.

**School Outreach and Engagement**
We engaged in several outreach and voter registration activities at local schools, including a partnership with Capital City Charter school where fifth grade students were trained in how to register students to vote, in preparation for a future event for them to register high school students. In partnership with the Board of Elections, approximately 100 students were registered at Woodrow Wilson High School.

**Returning Citizens**
We began the year with regular attendance at CSOSA-sponsored Returning Citizens orientations, providing information on their right to vote, and offering voter registration forms. Support from CSOSA staff varied, with some locales discouraging League volunteers from registering voters. Further inquiries revealed that some staff had been told that this was not allowed. After reaching out to Charles Allen, Councilmember in Ward 6 and Chair of the Committee on the Judiciary and Public Safety, helped ensure our access. Eventually, these events were cancelled, and we have continued to push to ensure that Returning Citizens are supported in their right to vote.

**National Voter Registration Day**
National Voter registration day was Tuesday, September 24, 2019. LWVDC held two major events this day in partnership with other organizations and Leagues. We registered 17 voters at Howard University and promoted Vote411 at the Nationals Baseball Stadium.
Voter Guides
With no election in 2019, the team earned a well-deserved rest before ramping up for the 2020 election cycle. Kathryn Ray and Dennis Beaufort continued in their leadership of these efforts.
As soon as the candidate filing deadline passed, candidates’ names and contact information were uploaded to the administrative end of the Vote411 program. The March 2020 membership meeting (held virtually via Zoom due to the COVID-19 situation) was dedicated to identifying important issues and crafting questions that are unbiased and sufficiently broad, enabling candidates to emphasize their platform. Email invitations were generated using the Vote411 software. Cim Weiss made many reminder calls (thank you!). This year, candidates were invited to upload a YouTube video to complement their profiles and responses to our questions. We had an excellent response rate from Democrats and are still nudging Statehood Green, Libertarian & Republican candidates. In FY 2020-21 the fun will continue as we prepare for the June 2 Primary, the June 16 Ward 2 Special Election, and the November 3 General Election.
Our Voter Guide is civic engagement at its best: Making it easy for residents to pay attention and participate.

GOTV Efforts
While no active elections occurred during our 2019-2020 board year, we continued to place emphasis on GOTV activism by maintaining relationships with partners like the OneWomanOneVote Festival to attend events.

OneWomanOneVote Festival & theatreWashington Collaboration
We continued our collaboration with OneWomanOneVote Festival and theatreWashington to hold pop-up voter registration in three theaters at 23 performances, handing out hundreds of Vote411 Info Cards and registering voters at some events. We also had a table at the Theatre Week Kick Off Party and were able to distribute Cabot Cheese (a new sponsor!) and Vote411 Info Cards.

Program, Advocacy, and Education Efforts
Beyond our efforts to engage voters and ensure they are informed in advance of elections, LWVDC also engages in a developed program of education, outreach, and advocacy efforts, as determined by the program planning process.

Program Planning 2020-2022
On January 11, 2020 (Alice Paul’s Birthday), over twenty members of LWVDC came together to review the proposed National Program (2020-2022) to be voted on at the National Annual Convention in June. We reviewed the proposed program alongside a proposed concurrence. This proposed concurrence is a new process by the national league, in which a broad national concurrence was drafted using language from state and local positions, and then reviewed alongside the national program by local and state Leagues.

Proposed Concurrence on Electoral Systems
Voter Representation/ Electoral Systems Position
Recommended by LWVUS for Consideration via Concurrence at LWVUS Convention 2020

Position in Brief:
Support electoral systems at each level of government that encourage participation, are verifiable and auditable and enhance representation for all voters.

Position in Full:
LWVUS promotes an open governmental system that is representative, accountable and responsive. We encourage electoral methods that provide the broadest voter representation possible. Whether for single or multiple winner contests, the League supports electoral methods that:

- Encourage voter participation and voter engagement
- Encourage those with minority opinions to participate, including under-represented communities
- Are verifiable and auditable
- Promote access to voting
- Maximize effective votes/minimize “wasted” votes
- Promote sincere voting over strategic voting
- Require the winner to receive a majority of the votes for executive and single seat offices
- Are compatible with acceptable ballot-casting methods, including vote-by-mail

(LWVUS, ME, OR, CA, MN, MA, FL, NC, OK, SC, VT, WA, Santa Monica) *

The LWVUS believes in representative government. The League supports electoral systems that elect policy-making bodies—legislatures, councils, commissions, and boards—that proportionally reflect the people they represent. We support systems that inhibit political manipulation (e.g. gerrymandering).

The LWVUS supports enabling legislation to allow local jurisdictions to explore alternative electoral methods, as well as supporting state election laws allowing for more options at both the state and local levels. With the adoption of any electoral system, the League believes that education of the voting public is important and funding for startup and voter education should be available. We encourage a concerted voter education process.

People Powered Fair Maps Campaign & Committee for Full Rights for DC Citizens

Intense! This past year of activity for the Full Rights Committee can only be described as intense, with the historic Hearing and Mark-up session on the statehood bill in the House Oversight and Reform Committee taking place, and a vote on the House floor expected this year as a result.

With funding from the DC Democracy grant of 2019, submitted for us by LWVEF, we were able to continue our education drive on full rights for DC citizens. Thanks go to the national staff and Board members who took on the task of traveling to state League conventions with an excellent power point that placed DC’s lack of representation squarely in the realm of voter suppression, one of LWVEF’s (League of Women Voters Education Fund) highest priority issues.

With travel to states (now numbering 30 states) handled, Committee members concentrated on educating about DC statehood locally and through social media. We completed a video, created a “DC Equality” playlist of 17 videos on our LWVDC YouTube channel (https://tinyurl.com/yyq9jk28) and maintained an ongoing presence on Facebook, Twitter and Instagram, sharing 152 posts about DC statehood in the form of videos, graphics and news updates, with many Leagues sharing our messages.

We were active in getting people out to the Rayburn House Office Building for both the Hearing on the Washington DC Admission Act and the Mark-Up session, with 100s of people attending both events. We were happy to work with DC Statehood Coalition members and especially DC Vote who made all the arrangements for a large screen set up in the Spirit of Justice park behind Rayburn so the overflow crowd of more than 500 could watch the hearing together on a lovely day. LWVEF was pleased to cover the substantial costs of the screening, much of which came from DC Democracy grant funds.

Our speakers were also active at the local level with presentations to a variety of organizations, tabling at community festivals, and presenting a successful program at the opening reception of the LWVUS National Council meeting in suburban Virginia. We also encouraged in-person signing of petitions and established a “Stand Up for DC Statehood” petition drive on the League of Women Voters website.

LWV was recognized by DC Vote as a Champion of Democracy in December, with CEO Virginia Kase accepting the award at their gala. Anne Anderson was also recognized as a DC Statehood Champion of Democracy at a December holiday party by the DC Statehood delegation, Representative Franklin Garcia, and Senators Michael Brown and Paul Strauss.

Once the Hearing excitement was over, we turned our attention to celebrating the LWVUS Centennial. We held a “Centennial Days of Action” campaign in the 12 days surrounding Feb. 14th, the LWVUS “Day of Action”, and carried out our pledge to hold civic engagement events in all 8 Wards—our commitment to the LWVUS People Powered Fair Maps Campaign. As part of our civic engagement we created postcard mailers for DC citizens to send to their friends and family in the 50 states asking them to support DC statehood. We held 25 events, contacted 1635 individuals, distributed 1000 mailers (with 25% return on our signed pledge postcards!) and registered over 100 new voters.
Our LWVDC Centennial Gala has been postponed, given the current “stay home” orders because of the Coronavirus pandemic. However, the research and development work for the Centennial booklet highlighting our 100 years of fighting for full rights has been done. The booklet has a timeline and a short history as well as ceremonial congratulatory messages from luminaries. We are awaiting the delivery of our next DC Democracy grant funds for our next campaign educating about the need for DC statehood, which will require some different methods in this current environment.

**Member Support, Engagement & Recognition**

LWVDC Awards

The Board of Trustees is pleased to announce the recipients of two League awards, and thanks the members of the awards committee for their work in collecting and reviewing nominations, and making recommendations to the board for final vote. Committee members this year were: Kathryn Ray (Chair), Laura Heinrich & Ann von der Lippe.

Sheila Willet Distinguished Service Award
2020 Awardee: Judy Osborne

This award is presented at the Annual Business Meeting in April to an LWVDC member who has demonstrated long-term dedication to the League’s mission and active support of its activities or has seen to fruition a significant initiative that contributes to the mission of the League.

This Award is named for Sheila Willet, the long-time office manager and member of LWVDC, who exemplified this dedication. (Historical note: This award has also been referred to as the President’s Award.)

The Committee concurs that Judy Osborne exceeds the qualifications using the following rationale:

Judy exemplifies the League and our mission. Judy has spent countless hours on the phone welcoming new members, chairing the nominating committee, and offering wise counsel to the board. Judy has been particularly active in efforts to reach Returning Citizens. She’s always makes herself available to register voters or to be the face of the League at an event. She’s always willing to listen, or to work out an idea by asking just the right questions. Judy is a problem solver. Judy is there - maybe quietly in the background, but REALLY THERE truly supporting the League, our Board and our members.

Linda Beebe Award for Making Democracy Work
2020 Awardee: Parisa Norouzi, Executive Director, Empower DC www.empowerdc.org

This award is presented at the Annual Business Meeting in April to an exceptional individual and/or organization that works to improve democracy within Washington, DC.

Named for Linda Beebe, President of the LWVDC from 2015-2018, to honor her dedication to the League’s mission of engaging and educating voters, improving elections, and defending democracy within the District of Columbia.

The award honors Linda Beebe by formally recognizing individuals and/or organizations that are actively engaged in keeping our city strong, fair, vibrant and livable. Awardees shall have demonstrated an ongoing commitment to making democracy work within one or more of the following areas of work:

- Expanding voting rights for DC residents
- Increasing local autonomy of the DC government
- Improving DC elections
- Engaging and educating DC voters
Parisa is nominated because of her work through Empower DC to engage and educate DC voters in communities that are often overlooked. A quick look at Empower’s website shows that they are serious about their Mission:

The mission of Empower DC is to enhance, improve and promote the self-advocacy of low- and moderate-income DC residents in order to bring about sustained improvements in their quality of life. We accomplish our mission through grassroots organizing and trainings, leadership development, and community education. Empower DC is a citywide, multi-issue, membership-based community organizing project. Empower DC builds campaigns to address key issues that directly impact our membership. The organization is led by its membership, Board of Directors and staff.

They have ongoing educational activities such as studying the Comprehensive Plan, support tenants of public housing facilities to advocate effectively for themselves and push the DC government to attend to the needs of all DC citizens by providing training in how to understand the DC systems and work with them to get needs met.

Parisa has been Empower DC’s Executive Director for about 10 years and has been successful at growing the organization, developing working partnerships to improve the reach of low- and moderate-income citizens. She would be an excellent person to receive the Linda Beebe Award for 2020.

Parisa is enthusiastic, dedicated, well-versed in DC issues, an excellent networker and community organizer. Giving her this kind of recognition will also provide some needed outreach to parts of our communities that the League needs to connect with in order to be more effective in representing all of DC.

Administration and Operations
We have a dedicated corps of volunteers who do behind the scenes work to keep the lights running and the checkbook balanced, the website updated, DC League Updates and DC Voters published, and ensuring we have leadership from year to year. This work ensures we viable, sustainable, and present in our community.

Nominating Committee for 2020 Elections

Developing the Slate
The nominating committee consisted of Judy Osborne (Chair), Kathy Fairley, Paula Hirschoff and Linda Softli. The committee met several times between mid-January and early March. The committee identified which offices were up for election for 2-year terms, which were to be elected to fill 1-year vacancies, and which appointments were ending. The Nominating Committee used a list of members to identify potential individuals to place on the slate. The slate was completed and submitted in late March (see below).

Trustees (1-year term)

Marian Bobo 2020-2021
Marian Bobo is a lifelong resident of Washington, DC who will bring a wealth of experiences to bear as a member of the LWVDC Board of Trustees. She is a DC Public School retiree whose 40-year career included assignments as an elementary and special needs teacher, program director, grants manager, and school administrator. Since her retirement Marian has applied many of her professionally acquired skills to various community activities and organizations,
including board membership on the Kingman Park Civic Association and as an appointed trustee to the LWVDC board. She believes that the LWVDC focus on engaging citizens at every point in the voting process provides a natural synergism for applying her skill set to advance the league purposes.

**Cim Weiss** 2020-2021

Cim Weiss is still relatively new to the League, having joined last year. Since then, she’s been helping track new citizen registration volunteers as part of the monthly report in support of DC’s grant from the national organization. Cim is retired from the US Department of Transportation, where she worked as a program manager for bus and truck safety grants. She graduated from the University of Connecticut and received a Master’s degree in Public Administration from New York University. Cim’s legal name is Constance Marguerite so to save time, space, and energy, she signs everything ‘C. M. Weiss’ and uses the (almost) acronym for her name, Cim, as a shortcut.

**Trustees (2-year term)**

**Anne Anderson** 2020-2022

Anne Anderson is serving as Chair of the Committee for Full Rights for DC Citizens and as a Trustee. She is a clinical social worker/psychotherapist with the Washington Therapy Guild. She has lived in DC since 1964 and in Brookland since 1971.

**Karen Hibdon** 2020-2022

Karen Hibdon works at a Washington D.C. trade association where she performs data analysis and publishes industry statistics. In 2019 she moved to D.C. with her husband after living for 20 years in Bethesda. Karen has been active with a variety of local organizations, including serving for several years on the Board of a competitive rowing team where she managed major events and administration. Karen has a degree in History and Philosophy from Rice University.

**Kathryn Ray** 2020-2022

A League member since 1981, Kathryn has served in many capacities, including President. In 2012, she and her husband, Dennis (a former League Treasurer & tax advisor), configured the League’s online voter guide, Vote411.org, and produced guides for each subsequent election. A librarian by profession, she worked at the Brookings Institution, the Washingtoniana Division of the M. L. King Library, managed the Tenley-Friendship Branch, and is currently a part time research and instruction librarian at the American University Library. As the weather warms, Kathryn can be found before dawn on the Potomac with her rowing teammates.
Nominating Committee

Mary Pat Twomey, Chair  2020-2021

She received her bachelor’s degree in history and Latin American Studies from Grinnell College and has a Master’s in Public Administration, with a focus in Teaching, Learning, and Advocacy, from the College of Charleston. Glorious joined the League in 2017, is a member of the Nominating Committee and enjoys helping new citizens register to vote.

Defining Roles
In addition to identifying the slate, the Nominating Committee engaged in a deeper review and discussion regarding how the Board of Trustees should operate, and developed, in consulting with the current board, roles and responsibility profiles for the 1st Vice President, 3rd Vice President, and Treasurer. In addition, the Committee identified several essential portfolios for trustees – volunteer coordination and technology oversight. The committee identified communications and fundraising as key skills needed among trustees or other League leaders. This year’s committee recommends that position responsibility profiles be developed in the coming year for President, 2nd VP, and Secretary (roles up for election in 2021).
