MRS. ANGIE MCCARTNEY'S
Organic Teas – Simply Splendid!

The kettle is always on in Liverpool. And tea is the common denominator of all celebrations, commiserations, congratulations & conversations. Dr. Angie has had tea with rock stars and royalty, billionaires and busboys, and now she'd like to share a cuppa with you!

She's searched the 4 corners of the world to source some splendid flavours to tickle your fancy, and a portion of every sale is donated to the **Linda McCartney Centre for Breast Cancer Research** in the UK.

To obtain tea hot - first warm your pot! Make sure you use boiling water for best results. Place the tea bag into your cup or pot and cover with boiling water for 1 minute and 42 seconds, to enjoy the maximum flavour and benefits of our terrific teas. Add honey, sugar, a slice of lemon or milk to taste. Bottoms up!
