

VANCOUVER DECLARATION 2008

We endeavour to partner with our fellow YWAM regions in other parts of the world to engage Cities.

We endeavour to partner with the body of Christ in the transformation of our Cities.

We endeavour to plant churches amongst the most unreached immigrant people groups in our cities and empower them to reach their own people throughout the world.

We endeavour to start more Training Centres in strategic locations inside Cities and to increase City Ministry from our training locations.

We endeavour to engage the issues of injustice that our society is facing such as human trafficking, domestic violence, poverty, homelessness, at risk youth etc..

We endeavour to spread the strategic message of City Ministry throughout the YWAM world by advocacy, education, vision casting and providing practical tools.

We endeavour that our operating locations in North America are incarnational and reflect the ethnic diversity of our Cities.

We endeavour to reach the whole City from the powerless to the powerful with the whole Gospel.
