

MASTER PLAYLIST 2016

This Master Playlist is constantly evolving with new additions and updates. The material is extremely time tested and proven to allow all of your guests to enjoy a one of a kind celebration. For ease, the material is broken out categorically as cocktail, dinner and dance sets to demonstrate selections that generally are performed during a certain segment of your event.

Of course, there may be tunes that you wish to have played that you don't see here. We try to be as accommodating and flexible as possible. This is something that we are more than happy to discuss and there is a high likelihood that we may already know it or we can add it with relative ease! However, you are encouraged to not look at this list and determine what is missing. Perhaps, try to use this as a guide to understand that our many years of diverse event experience and our choice of selections are a result of what really works for a large varied demographic. Of course, new tunes come along all the time and we certainly work hard to stay current and in synch with all of your desires so thus, this playlist endures frequent updates.
