

Lucky Frog

Lucky Frog – Cabernet Sauvignon 2015

A Bordeaux soul, with a New World twist, our 2015 Lucky Frog Cabernet Sauvignon displays bright notes of green bell peppers, cassis and vanilla, wrapped by smooth tannins that give it a silky texture, a pleasant mouthfeel and a gracious finish.

Leaner and meaner than most Californian cabs, this wine is the ideal complement to meats and pastas, as well as a solid sipping wine for fans of hearty reds.

Manually harvested; Fermented in small batches at strictly controlled temperature of 20C/68F; Stored in epoxy coated cement tanks.

About Lucky Frog

The pre-Columbian cultures that dwelled in today's Argentina considered the frog to be a sacred symbol of water, fluidity, purification, transparency and life itself.

With this in mind, we created a family of fun loving, easy going wines of outstanding quality for the price. Our goal was to provide every day people with everyday wine in a segment that is under-represented for Argentine wines.

Lucky Frog will be a great addition to your shelves. The label is fun and memorable while the wine will make them come back.
