DISTRICT GOVERNOR

The Rotary district governor performs a very significant function in the world of Rotary. He or she is the single officer of Rotary International in the geographic area called a Rotary district, which usually includes about 45 Rotary clubs. The district governors, who have been extensively trained at the worldwide International Assembly, provide the "quality control" for the 27,000 Rotary clubs of the world. They are responsible for maintaining high performance within the clubs of their district.

The district governor, who must make an official visit to each club in the district, is never regarded as an "inspector general." Rather, he or she visits as a helpful and friendly adviser to the club officers, as a useful counselor to further the Object of Rotary among the clubs of the district, and as a catalyst to help strengthen the programs of Rotary.

The district governor is a very experienced Rotarian who generously devotes a year to the volunteer task of leadership. The governor has a wealth of knowledge about current Rotary programs, purposes, policies and goals and is a person of recognized high standing in his or her profession, community and Rotary club. The governor must supervise the organization of new clubs and strengthen existing ones. He or she performs a host of specific duties to assure that the quality of Rotary does not falter in the district, and is responsible to promote and implement all programs and activities of the Rotary International president and the RI Board of Directors. The governor plans and directs a district conference and other special events.
